ARROW VIDEO FLATLINES!

Arrow Video pumps new life into the Sci-Fi staple **FLATLINERS**, with a revitalized version on Blu-ray and 4K! The 1990 film sizzles with stars **Kevin Bacon, Kiefer Sutherland, Julia Roberts, William Baldwin** and a host of other bold-faced names, characters who seek a glimpse into the afterlife through daring experiments.

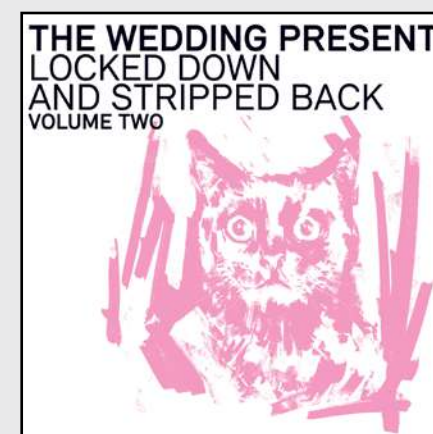

Arrow hits the target with these packages, which include brand new interviews, reversible artwork, new restorations and theatrical trailers that will quicken your heart rate! **FLATLINERS** never felt more alive!

You'll get a jolt out of the **RUNNING OUT OF TIME COLLECTION**, also from Arrow in August. The original and its sequel, **RUNNING OUT OF TIME** is an Asian slam-bang action thriller with a hostage negotiator and criminal mastermind in a race against the clock. High-intensity racing is the subject of the **DRIVE** 4K, a high-octane martial arts chase feature. Get in. **DRIVE** has got the gas! More hard-hitting martial arts action can be found with two other releases - **DRAGONS FOREVER** (starring **Jackie Chan**) Blu-ray and DVD and **THE FLYING GUILLOTINE 2** Blu-ray. A 'Milk-pocalypse' looms in **THE OLD MAN: THE MOVIE** Blu-ray and DVD. An Estonian comedy that will raise your lactate level!

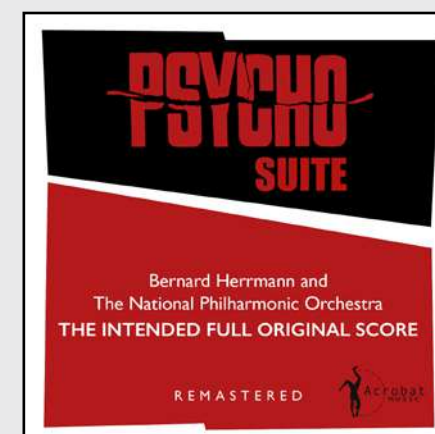

In music, we milk the pig for more rare archival material. **BLODWYN PIG & MICK ABRAHAMS BAND-RADIO SESSIONS 1969-71** presents **Blodwyn Pig** and original Jethro Tull guitarist **Mick Abrahams** on blue vinyl. Association with the 1969 Woodstock festival will never run out of juice, and we secrete more with **SHA NA NA-WOODSTOCK: 20 YEARS AFTER**, a live show on DVD and CD from 1989 in California from the band who was hand-picked by **Jimi Hendrix** to play at Woodstock.

THE ELVIS PRESLEY CONNECTION, VOL. 3 comes from **Bear Family Records**. Third in a series of CDs, these comps compile original recordings that influenced Elvis as well as artists who have covered his tunes. Halloween is coming and **RockBeat Records** has an LP and CD of **HALLOWEEN NUGGETS: HAUNTED UNDERGROUND CLASSICS** that will shiver your timbers! Shaking the rafters is **ALTER BRIDGE-LIVE AT WEMBLEY** Blu-ray/CD, chronicling the hard rocking bands 2011 show in London.

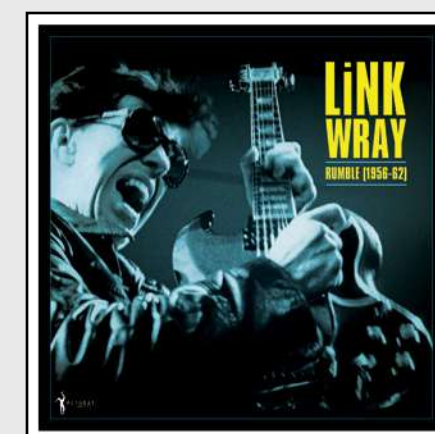

It's fitting that we close with a new release from **MINDLESS SELF INDULGENCE**, a blue vinyl re-release with bonus material from their 2008 CD. **MINDLESS SELF INDULGENCE**-the inspiration for these monthly blurbs!

Animalize - Meat We're Made Of Vinyl

A dizzying-yet-addicting blend of 70s and 80s inspired metal from the UK and France.

France's ANIMALIZE influences include: heavy metal from the '70s and '80s, but specifically the likes of Loudness, W.A.S.P., Tokyo Blade, Glenn Tipton, Ritchie Blackmore, Glenn Hughes, and Annihilator and especially classic French heavy metal like ADX, Malediction, Sortilège and Warning. However, it is the band's love of movies which arguably influences ANIMALIZE's outlook the most.

Anthony Johnson - Reggae Feelings Vinyl

1983 reggae album repressed on vinyl

'Reggae Feelings' is a reminder of the continuing relevance of the dancehall style. Rough, raw and rugged they represent the real authentic sound of young Jamaica from over thirty years ago when the youths "forgot their troubles and danced".

Arcana - Raspail Vinyl

Vinyl re-issue of Arcana's classic album "Raspail"

Continuing with the vinyl re-issue of Arcana's catalog, we proudly present for the first time on vinyl their 6th album "Raspail". Arcana's approach to neo-classical and symphonic-ambient could well be defined in the meaning of the word "Arcana" itself: specialized knowledge of something generally considered a mystery or a secret. On their sixth album, Raspail.

Ashenspire - Hostile Architecture Vinyl

Avantgarde Black Metal from Scotland, influenced by Altar of Plagues, Jazz and bleak noir-hop soundscapes

Avantgarde Black Metal from Scotland, taking as much influence from the harsh, angular textures of Altar of Plagues 'Teethed Glory and Injury' as Colin Stetson's hypnotic saxophone and Ed Scissor/Lamplighter's bleak noir-hop soundscapes, the album sees Ashenspire leaning further into Avant-garde jazz tendencies and black metal dissonance in a more full realisation of their own sprechstimme.

Ironhawk - Ritual Of The War Path Vinyl

Rough, motorcharged blackened metalpunk three piece from Tasmania.

From the remote backwaters of Tasmania, IRONHAWK emerged in 2013 at a ramshackle basement gig and they cast blackened metalpunk forged in the flames of Bathory, Amebix, Sacrilege, Venom, and English Dogs. Like a time-warp to 1985, Ritual of the War Path is a grandiose-yet-grimy statement of ancient metalpunk powers known only to the most devout.

Sinead O'Brien - Time Bend And Break The Bower Vinyl

Communing at the triangulation of words, music and image, O'Brien has always conjured powerful worlds: but none more powerful than on her debut record

Communing at the triangulation of words, music and image, O'Brien has always conjured powerful worlds: but none more powerful, or as immersive, than on her debut record. In the space that exists between her delivery - at once wry, silky, vicious, and self-assured - and the music - a dynamic, dancing call-and-response from her collaborators - lies a productive tension.

Anachoret - Syndrom CD

"Syndrom" is the struggle with inner demons. The expression of inner conflict, the feeling of homelessness and the transience of life. The beauty and permanence of nature can be found in the more epic moments of the work, flashes up again and again-and shows us once more that man should live in humility with nature. This is wonderfully reflected in melancholic and sublime atmospheric Black Metal.

First vocal-album - „classical" Vollenweider-Sound together with the voices of two great American Singer/Songwriters, Eliza Gilkyson and Carly Simon.

A dizzying-yet-addicting blend of 70s and 80s inspired metal from the UK and France.

However, it is the band's love of movies which arguably influences ANIMALIZE's outlook the most.

Avantgarde Black Metal from Scotland, influenced by Altar of Plagues, Jazz and bleak noir-hop soundscapes

Drudensang - Tuiflsrijtt CD

Atmospheric Black Metal with an old school touch of the 2nd wave

Atmospheric BM with an old school touch of the 2nd wave, which has clearly increased in speed and aggressiveness compared to previous releases. Krámpn's nagging, snarling vocals, the icy-sawing guitars, purposefully used dark keyboard passages, the heavily distorted but powerful bass and the massive drums conjure up the dark magic of the stormy Krampus time and the bitterly cold Rauhächte.

Beautiful Relaxing Music • Subliminal Affirmations

“The medicine of the future will be music and sound.”
— Edgar Cayce, “Father of Holistic Medicine”, 1944

“Like a tuning fork for the *human instrument*”,
Steven Halpern’s music provides your customers

From the opening notes of Paul McCandless’ oboe floating above celestial sustained strings and choir, the luminous arrangements and collaborations instantly transport the listener to a state of mindfulness and inner peace.

In this receptive mode, the power of the subconscious mind is focused with inaudible (subliminal) affirmations that can instruct the genes to express for optimal health, according to leading researchers.

Steven Halpern (Rhodes electric piano, ambient keyboards)
Michael Manring (bass) • **Georgia Kelly** (harp)

Years of friendship and shedding together have culminated in this swinging affair by two of New York's preeminent saxophonists.

This album has been a long time in the making! 20 years of friendship having both grown up on Long Island and many hours of shedding together has come full circle with the release of Takes One To Know One. FUN describes this album best. Two friends coming together to make joyous music. Joined by seasoned veteran Kiyoshi Kitagawa on bass and much talked about young drummer Jimmy MacBride.

Communing at the triangulation of words, music and image, O'Brien has always conjured powerful worlds: but none more powerful, or as immersive, than on her debut record. In the space that exists between her delivery - at once wry, silky, vicious, and self-assured - and the music - a dynamic, dancing call-and-response from her collaborators - lies a productive tension.

Slum Summer - Living In Milk CD

Second album of low-key and literate indie rock from San Diego / RIYL: Hefner, Mountain Goats

Second lp from this San Diego-based band led by British ex-pat, Hugh J Noble. Musically-speaking, the band's sound reminds me a lot of Hefner, Wave Pictures and Ashtray Boy, but I also get notions of the Mountain Goats, mostly due to Hugh's rather unique voice and lyrics that are more like stories rife with specific imagery and locations.

A significant strand of American music, especially in the folk and blues arenas

Many of the noted voices of protest are featured here - Woody Guthrie, Pete Seeger, Paul Robeson, Josh White - along with folk artists who embraced the cause like Odetta, Nina Simone, Harry Belafonte and many more, plus some of the more obscure but no less important recordings that set the tone and led the way for later artists. Tre` Hardiman & The Blue Nights - Back To The Future CD

Tre` is a musician who mixed traditional blues with modern (Soul, R&B) influences. His blues is a mix of new Chicago Blues style with traditional roots

Few of the younger Chicago blues musicians present their music in a traditional 1950s Windy City style - most of them leave that to the elders. But Tre` is an exception. He tries to avoid the funk and rock influences that permeate the performances of many of his contemporaries, preferring to mine the rich musical veins that were opened years ago by such masters as Albert King and Howlin` Wolf

Alter Bridge features the explosive combination of the highly talented, hardworking quartet of Myles Kennedy [vocals, guitar, lead singer for Slash], Mark Tremonti [guitar, vocals, Tremonti, Creed], Brian Marshall [bass, Creed], and Scott Phillips [drums, Creed]. With their most recent studio release, "The Last Hero", Alter Bridge will be embarking on a tour with Haelstrom later this year labeled the "Pawns and Kings Tour". THE TARZAN VAULT COLLECTION

Three of Edgar Rice Burroughs' classic tales of the King of the Apes! *Tarzan of the Apes* (1918), with the brawny Elmo Lincoln in the title role, introduced the character to movie audiences and told the traditional tale of how the orphaned heir to the Greystoke fortune became lord of the jungle. Lincoln was so impressive that he returned in *Adventures of Tarzan* (1921), this time to rescue his beloved Jane from the clutches of the evil Queen La. By 1935, the public was still fascinated by the nobleman who had been raised by apes, now played by Herman Brix (AKA Bruce Bennet) in *The New Adventures of Tarzan*. Brix, a star shot-putter at the 1928 Olympics, needed all of his muscle to portray Tarzan in this tale of missing jewels, and explosives powerful enough to destroy the world. Here is your chance to sit back and enjoy a Tarzan trilogy guaranteed to leave you spellbound!

- Includes the first Tarzan film ever made, based off of Edgar Rice Burroughs' original 1912 novel of the same name, *Tarzan of the Apes*
- All-new commentary tracks by award-winning journalist/historian, Ed Hulse
- *Law of the Jungle: The Cinematic Adventures of Herman Brix*, featuring an archival interview with actor, Herman Brix
- *Drawn to the Jungle: The Early History of Tarzan in Comics*, featuring an all-new interview with author/filmmaker, Donald F. Glut
- *Swinging Into Action: The Early Adventures of Tarzan on Film*, featuring exclusive interviews with author/film historian, C. Courtney Joyner, producer/film historian, Bruce Scivally, and literary historian, Richard Heft

Love Camp 7

You Will Not Forget In Your Lifetime The Horrors You Will Witness...

The story of LOVE CAMP 7 is based on fact! During the darkest days of World War II, two young American WAC officers volunteer to infiltrate a depraved Nazi Love Camp on a desperate rescue mission. Can they survive the sick degradations and perverted orgies long enough to complete their objective and escape with their lives - and bodies - intact?

Launching the notorious "Nazisploitation" craze of the 1970s, LOVE CAMP 7 was the demented dream child of Writer/Producer/Star **Bob Cresse** (THE SCAVENGERS), Producer **Dave Friedman** (BLOOD FEAST), and Director/Cinematographer **Lee Frost** (THE BLACK GESTAPO). Debut album from this Venezuela-based group who play dreamy indiepop in the style of early Field Mice, Depreciation Guild and Pains Of Being Pure At Heart, but with Spanish vocals. Though recorded in a bedroom, Ricardo's proficient use of layering and production using a wide assortment of effects on the guitars & keys enhances the songs incredibly well and adds countless enjoyable nuances.

Tangerine Dream Shy People: Original Motion Picture Soundtrack

Presenting the original soundtrack, Shy People, by legendary composers Tangerine Dream.

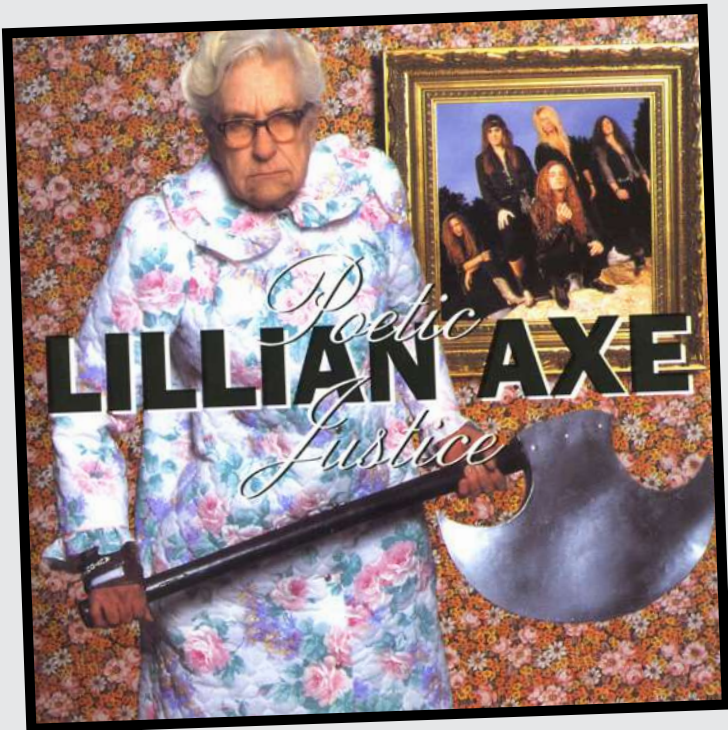

Dragon's Domain Records is excited to bring SHY PEOPLE back into the marketplace, newly remastered by Digital Outland and previously unreleased music. The booklet includes exclusive liner notes written by author Randall Larson, with the participation of composer Paul Haslinger and music editor Virginia Ellsworth. To score SHY PEOPLE, director Andrei Konchalovsky, who was a classically trained musician himself, was looking for someone to create an extra dimension through the music that would enhance the visual qualities of his film. Konchalovsky flew to West Berlin and met with band members Edgar Froese, Christopher Franke, and Paul Haslinger in their studio to discuss in detail his preferences for the music, staying for several weeks as the process developed. When scoring films in their Berlin studio in those days, Tangerine Dream would deliver their finished music mix to the production company, and from then on wouldn't be involved with the final mix. In SHY PEOPLE's case, it was left to Konchalovsky and supervising music editor Virginia Ellsworth and her team (assistant music editors Robin Katz and John Ganem) to edit the tracks and place them against scenes that Konchalovsky felt they'd be most effective. The band would be responsible for shaping the music into a listenable presentation. The score for NEAR DARK was produced around the same time as SHY PEOPLE and both scores show a remarkable growth in the evolution of the band's sound.
