A TOXIC AUGUST!

MVD stirs up a vat of toxicity that lays waste to all competition!

Heading up this brew are **Troma Films** 2-disc 4K/Bluray packs of **THE TOXIC AVENGER I, II, III** and **IV!** Four movies, scrubbed with fresh 4K scans that will show Toxie in all his deformed glory! Loaded with extras. It's a noxious gas!

Don't mess with Texas, and don't mess with **Arrow Video** when it comes to limited editions of **THE TEXAS CHAINSAW MASSACRE** and **THE TEXAS CHAINSAW MASSACRE: THE BEGINNING**, updates of the franchise that are described by Roger Ebert as 'vile, ugly and brutal.' Roger that! **Radiance Films** comes with another brilliant entry into Ninja Action with **SHINOBI VOL. 2** limited edition Bluray. A Ninja with a grudge with assassination on his mind! This release comes with the limited Obi strip, as Volume One in this series did. OBI-ONE-SHINOBI!

**Andy Warhol** was one cool cat, and not just because he was from Pittsburgh! Meet the assemblage of artists, Superstars, musicians and assorted freaks in the DVD **INSIDE THE SILVER FACTORY**, a time-capsule of 60s Pop Art in New York City. Cats abound in other films, namely the Bluray and DVD of **25 CATS FROM QATAR**, a doc about one person's initiative to save homeless cats in Qatar and transport them to the US to be adopted. A feline of a different stripe is one from outer space in **88 Films THE CAT**. Watch the protagonists scratch their way to fight an alien that possesses people. A common theme!

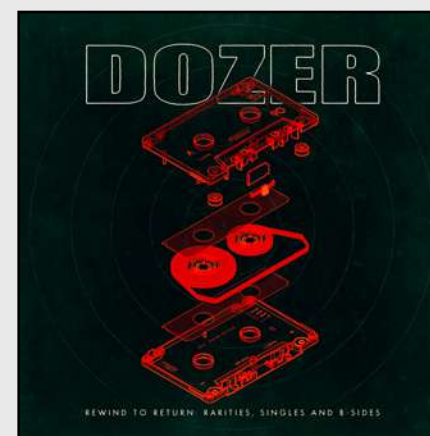

We are in **BAD COMPANY** in music. Watch the story of this band, spawned from King Crimson, Free in the DVD **BAD COMPANY: OFFICIAL AUTHORIZED 40TH ANNIVERSARY DOCUMENTARY**. Can't Get Enough? Try another DVD Doc from the eclectic rock band **JETHRO TULL** in **THEIR FULLY AUTHORIZED STORY**. The band who made flutes and lutes cool!

Blues is always cool, and we have authentic purveyors of the craft with **FABULOUS THUNDERBIRDS** limited edition CD reissues, **GIRLS GO WILD**, **T-BIRD RHYTHM** and **WHAT'S THE WORD**. Wrap it up and make sure it's **HEAVY ON THE BLUES**, the new CD by **RORY BLOCK**, her 37th! Originals and covers. I'll take it!

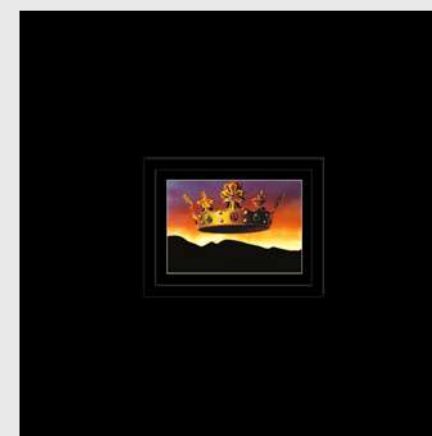

Lastly, but not leastly, is 1993's **J. MASCIS LIVE AT CBGB's** release, reissued on red vinyl. A foray into acoustic renditions of Dinosaur Jr. classics!

Our toxicity is infectious!

CANDICE IVORY

Candice Ivory was born near Memphis, TN, to a family steeped in the musical traditions of the Mississippi Delta. Ivory also joined the famed Memphis band CYC.

At 18, Ivory successfully auditioned for Betty Carter's Jazz Ahead residency at the Kennedy Center. While at Jazz Ahead, she met Carmen Lundy, who became her first voice teacher. Ivory continued her musical education at the New School University in New York, studying voice with Miles Griffith, Richard Harper, and Junior Mance while taking composition lessons with Cecil Bridgewater.

## Johan Tell - Johan Tell

Raw and intimate, Johan Tell's debut EP explores identity and survival with gritty alt-rock textures and unfiltered emotional honesty.

Johan Tell's self-titled debut EP is a visceral journey through emotional wreckage, self-examination, and the quiet strength it takes to rebuild. With five tightly crafted tracks, Tell blends raw alternative rock with haunting melodies and confessional lyrics that echo the turmoil of modern identity. From the first guitar riff to the last whispered line, the EP pulses with authenticity--drawing from late-night doubts, lost connections, and the fragile beauty of truth. It's an unflinching look into the soul of a narrator who doesn't pretend to have it all figured out. Instead, Tell offers something rarer: the sound of someone still searching, still feeling, and still fighting to be real. Produced with a deliberately stripped-down approach, the songs leave space for the listener to sit with the discomfort, the tension, and the moments of unexpected clarity. The guitar work is gritty yet melodic, the vocals unpolished but honest, and the lyrics walk the line between vulnerability and confrontation. This EP isn't just a collection of songs--it's a statement of presence. A reminder that even in the noise and numbness of the world, someone is out there feeling exactly what you feel. Johan Tell invites you into that space--not to escape, but to recognize yourself in the sound.

Break The Silence is the explosive full-length debut from UK heavy metal band Voltstorm a record that captures the band's evolution and showcases their bold, modern take on a classic genre. Drawing inspiration from the giants of NWOBHM like Judas Priest and Iron Maiden, Voltstorm blends old-school metal energy with progressive songwriting, intricate guitar work, and powerful, theatrical vocals. Produced by Alessio Garavello, the album is a tightly crafted journey through themes of resilience, defiance, and personal struggle. Tracks like "Eye of the Storm" and the title track "Break The Silence" channel the urgency of standing up against inner and outer battles, while songs like "Lambs" and "Evil Eyes" delve into darker emotional territory, exploring manipulation and loss. Every note is delivered with precision, intensity, and heart from acrobatic solos and complex riffs to anthemic choruses that beg to be sung live. The chemistry between founding vocalist John Prasec and guitarist Stef Nurra, who joined the band in 2022, ignited a creative transformation for Voltstorm. Stef's progressive and cinematic influences reshaped the band's sound, introducing unconventional chord progressions, key changes, and atmospheric textures without sacrificing the raw power at the heart of their music. With the addition of bassist Ben Turner and drummer Hugo Terva, Voltstorm's lineup is now tighter and more driven than ever. Break The Silence is more than just an album it's a mission statement. It signals Voltstorm's intent to honor the roots of heavy metal while forging a path forward, combining technical precision with raw emotion to create a sound that is uniquely their own. For fans of classic metal who crave something fresh, Voltstorm delivers a hard-hitting, melodic, and unforgettable experience.

## Andy Warhol's Factory People: Inside The Sixties Silver Factory

Andy Warhol's aluminum foil-covered Silver Factory becomes the hot bed of avant-garde creativity in Sixties New York City.

"Andy Warhol's FACTORY PEOPLE" tells the story of the 60's Silver Factory that Andy founded in 1964 in an abandoned hat factory on East 47th Street in New York City. The Silver Factory lasted until 1968 when Andy gave up the lease and moved to the White Factory on Union Square. Shortly after moving in the Spring of '68, Andy was shot by Valerie Solanas, and this event bookends the period of time covered in "Factory People." The idea of the film is to tell the real story of the culture, who was there with Andy, who participated in the work with Andy, and what really happened during this period...all without passing judgement on Andy, his work, his friends, and the people who were there at the time. The film takes an in-depth look at the lives and times of the people who hung out with Andy and "worked" at the Silver Factory during the Sixties, making it all click as a new counter-culture arose and began to exert its influence throughout the arts.

COLLECTOR'S EDITION OF J MASCIS'S CLASSIC 1993 LIVE SHOW ON TRANSPARENT RED VINYL.

Originally released in 2006, this recording of J Mascis' debut solo acoustic performance has since become a cult classic and a fan favourite. Featuring understated presentations of Dinosaur Jr staples such as 'What Else Is New', 'Get Me' and 'Repulsion', and captured in front of an enthusiastic audience, this is a warts 'n all, almost voyeuristic, experience.

**Jim Valley - Hidden Gems** CD

Hidden Gems is a collection of new and older Jim Valley songs guaranteed to please

Jim Valley's new "Hidden Gems" album is a beautiful feel-good experience for this world full of unbearable heaviness. The 15-tracks of "Hidden Gems" are wonderfully creative songs overflowing with melody, rhythm, and surprising vocal arrangements spiced with a wry sense of humor. My ears hear track 3, "Blinded By Love," as the Americana radio contender... among several!
