PICTURE THIS! PEANUTS IS 75!

Peanuts celebrates its 75th Anniversary this year with a Zoetrope picture disc from the TV special **YOU'RE A GOOD SPORT, CHARLIE BROWN**. Vince Guaraldi's score is complemented with a moving image picture disc where the characters jump off the record! See if Charlie Brown finally kicks that football! Includes never before heard Guaraldi tracks. Also available on CD. MVD distributes several Peanuts titles, so time to fatten up and celebrate the iconic brand's 75th Anniversary! No mere bag of shells!

Soon to be 75 years old is guitarist **Jimmie Vaughan**. **DO YOU GET THE BLUES**, his Grammy Award winning album is re-released, available on CD and stand-alone LP for the first time. **Maria Muldaur** has enjoyed a 62-year career covering American roots music. Her latest CD **ONE HOUR MAMA: THE BLUES OF VICTORIA SPIVEY** digs deepest, honoring Spivey, the Classic Blues Queen. Another artist paying homage to her influences is **Patty Loveless**, with the LP **SLEEPLESS NIGHTS: THE TRADITIONAL COUNTRY SOUL OF PATTY LOVELESS**. Patty's voice wrapped around songs by George Jones, Webb Pierce, Emmylou Harris and more. A lot to love! Rockers **L.A. GUNS** loved to get **LIVE & LOADED**, and that's what they do on the Blu-ray of the same name. Footage from the stage and backstage shows the Gunners at play in the haughty 80s, live from the clubs and the streets of Hollywood.

Enforcing order on those streets was **Sylvester Stallone** as the crime-curing Supercop **COBRA**, available in 4K from **ARROW VIDEO**. A murderous cult is no match for COBRA'S bite! Beyond extravagant in its presentation is **THE BEYOND**, a **Lucio Fulci** Italian horror classic, released in a box set of 6 discs from **GRINDHOUSE!** The movie (a gateway to hell opens in a New Orleans hotel), comes in its original form plus Blu-ray, UHD, a CD soundtrack and two bonus DVDs of the edited version, **THE 7 DOORS OF DEATH!** BEYOND cool!

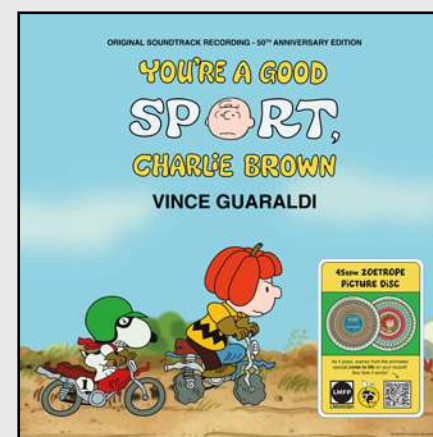

Taking the action to the Far East, **BLUE UNDERGROUND** releases 4K/Blu-ray combo packs on the action flicks **THE BLOOD OF FU MANCHU** and **THE CASTLE OF FU MANCHU**, starring **Christopher Lee**. Get more action in **DETONATION! VIOLENT RIDERS** Blu-ray from **88 FILMS** and **EUREKA ENTERTAINMENT'S THE TATTOOED DRAGON**, starring martial arts superstar **Jimmy Wang Yu**.

And YOU will love ALL the characters that make up MVD July!

Angel Of Damnation - Ethereal Blasphemy Vinyl

The German doom cult act unleashes their 3rd album, following the footsteps of the 70s & 80s pioneers.

ANGEL OF DAMNATION was formed in 2003 to create epic traditional doom metal influenced by Candlemass, Witchfinder General, Saint Vitus on one side and the more '70s vibe of Pentagram and Black Sabbath on the other. Seven years since their last full-length, they're here to prove it again with Ethereal Blasphemy. Thankfully, little has changed in the sonic world of ANGEL OF DAMNATION.

Fred Hersch & Steve Laspina & Jeff Hirshfield - ETC Vinyl

If we are to judge by the common, very fine musical sensibility demonstrated in this recording, it was inevitable that the three would meet.

REMASTERED FROM ORIGINAL ANALOGUE TAPES. Jim Hall wrote in the liner notes: "Great trio, variety of material, light-footed swing, gorgeous ballad playing, excellent solo development, beautiful dynamic shading," and so forth. The difficulty has been that this music makes me feel like playing along with it rather than writing about it, and it's hard to compose liner notes with a guitar in my lap.

Gato Barbieri - Standards: Lost And Found 1 Vinyl

What can be heard in this unreleased studio recording can be considered a Gato Barbieri in purity.

OFFICIAL UNPUBLISHED. Gato had a sense of intensity like Coltrane had: he was of that breed there. But it was a quiet intensity, because then - and Coltrane was like that too - he was a calm, gentle person'. Here he plays standards and this covers a huge gap, as there is no record documentation of his extraordinary and unique way of playing them. ...

VINCE GUARALDI'S ORIGINAL SOUNDTRACK RECORDING
50TH ANNIVERSARY EDITION

YOU'RE A GOOD SPORT, CHARLIE BROWN

Vince Guaraldi - Piano, Electric Piano, Clavinet
ARP String Ensemble, and Rhythm Ace Drum Machine
Seward McCain - Bass
Mark Rosengarden - Drums, Guiro
John Scott Trotter - Music Supervision

The premiere release of Vince Guaraldi's soundtrack for 1975's *You're a Good Sport, Charlie Brown*. This 45 RPM 12" Zoetrope LP and CD include the complete 14 track score plus never before heard music - celebrating the 50th Anniversary of the animated classic and 75 years of *Peanuts*®. 19 tracks in total, the Zoetrope, a Guaraldi and *Peanuts* first, features many scenes from the beloved cartoon.

The classic special was written and created by Charles Schulz, directed by Phil Roman, and produced by Bill Melendez and Lee Mendelson. Guaraldi's score is finally available on CD, vinyl and digital. The record was mixed and mastered for audiophiles, jazz lovers, and *Peanuts* fans everywhere from the original 2" session tapes to a 192kHz/24bit master. Beyond the composer's piano playing and electric piano, Seward McCain plays electric bass, Mark Rosengarden plays drums, and John Scott Trotter supervised the music.

The record includes fresh takes on "Peppermint Patty," and "Linus and Lucy," and adds a special (never-heard) bonus track, "You're a Good Sport, Charlie Brown (Unused Opening Cues)." "Motocross" is the featured theme, and there are four additional bonus tracks from (1973 LMFP project) *Bicycles Are Beautiful* scored by Vince Guaraldi (also on piano), who is joined by McCain on bass and Glenn Cronkhite on drums for those performances.

50+ years in the making, Emmy® and Grammy® winner Clark Germain mixed the album at WonderWorld Studio, Vinson Hudson restored and mastered the record, and it was produced by Sean and Jason Mendelson. The CD and vinyl include an insert with art from the special, liner notes that give a track-by-track analysis by producer Sean Mendelson, and notes by producer Jason Mendelson and Derrick Bang (author of *Vince Guaraldi at the Piano*) along with an essay by Craig Schulz. The vinyl has photographs and images of historical artifacts. The record is a Zoetrope that when played will show animated scenes from the special on both sides, designed by Drew Tetz.

Angel Of Damnation - Ethereal Blasphemy CD

The German doom cult act unleashes their 3rd album, following the footsteps of the 70s & 80s pioneers.

ANGEL OF DAMNATION was formed in 2003 to create epic traditional doom metal influenced by Candlemass, Witchfinder General, Saint Vitus on one side and the more '70s vibe of Pentagram and Black Sabbath on the other. Seven years since their last full-length, they're here to prove it again with Ethereal Blasphemy. Thankfully, little has changed in the sonic world of ANGEL OF DAMNATION.

Two milestones of Kraut-Jazz-Rock on one CD, produced by Peter Hauke (Omega, Nektar, Supermax), mixed by Dieter Dierks (Scorpions, Passport)

At the same time, the trio does not lack a certain herbaceous rawness. On their second Bacillus album, "Electric Silence" (1974), the trio celebrates their Kraut-Jazzrock to perfection.

MARIA MULDAUR ONE HOUR MAMA THE BLUES OF VICTORIA SPIVEY

Best known world-wide for her 1973 pop mega-hit "Midnight at the Oasis," which received 2 GRAMMY nominations, Muldaur's 62 year career could best be described as a long and adventurous odyssey through the various forms of American Roots Music. In Sept. 2019, The Americana Music Association awarded her "The Lifetime Achievement Americana Trailblazer Award" for her lifelong work of covering the depth and breadth of American Roots music.

Muldaur has recorded 43 solo albums covering all kinds of American Roots Music. In recent years, often joining forces with some of the top names in the business, she has recorded and produced at least a dozen Blues albums, garnering 4 GRAMMY nominations and various Blues awards.

Of this "bucket list" project honoring her mentor, Victoria Spivey, Muldaur says: "A few years ago someone sent this review of my performance at the '64 Newport Folk Festival. It just blew my mind, as I never knew till that moment that she had written it! It was like she reached down from Blues Heaven to bestow her approval and encouragement once again to this blues disciple!"

"Never judge a book from its cover and when a person is meek and humble don't judge them unless you know what you're doing. Some months ago I met a little girl of this type. She never had much to say. She was with a certain revival jug band at that time. I studied her voice, her looks and her personality very well. I can tell you that I found nothing but success for this little lady. I called her aside and told her to go for herself and to find a spot in which she could show off her talents instead of being in the background." -- Victoria Spivey, after viewing Maria Muldaur's first appearance at the 1964 Newport Folk Festival with the Kweskin Jug Band

J Blacker architect of ESA offers his new album 'Sounds for your Happiness' as the much anticipated follow up to 'Designer Carnage', released in 2022.

A journey of EBM / Industrial/Black Metal/Darkambient / Powernoise / Punk / Techno and Goa, 'Sounds for your Happiness' is as ambitious as it is exhilarating and genres merge seamlessly into an energetic free-fall of sonic chaos.

Gato Barbieri - Standards: Lost And Found 1 CD

What can be heard in this unreleased studio recording can be considered a Gato Barbieri in purity.

OFFICIAL UNPUBLISHED, REMASTERED FROM ORIGINAL ANALOGUE Gato had a sense of intensity like Coltrane had: he was of that breed there. But it was a quiet intensity, because then - and Coltrane was like that too - he was a calm, gentle person'. Here he plays standards and this covers a huge gap, as there is no record documentation of his extraordinary and unique way of playing them. ...

Trio Rouge - Trio Rouge CD

Together, Courtois, Godard & Galeazzi have founded a trio that is unequalled - as to its content, music & sensitivity.

Tuba, violoncello & vocals. This sounds like experiment, like highly individual capers in the wake of the avant-garde. To Trio Rouge, such prejudice does not apply. For Michel Godard, Vincent Courtois & Lucilla Galeazzi devote themselves to the tradition of the Italian lied. The concept of 'canzone' is in this case too narrowly defined for the spectrum of love songs to angry Resistance verses.

Jimi Hendrix - The Guitar Hero DVD

Moving beyond the icon, this documentary brings alive the music that Jimi Hendrix evoked from his soul, using the instrument as his "personal diary".

Jimi Hendrix's style evoked a home-grown, raw, and uncensored sensuality, which indeed was his nature and also that of his music, as if he was how own muse. Narrated by Slash, of "Guns and Roses" and long-time Hendrix acolyte, this film is less a biography than the first film ever to focus on the music and the impetus of the master who created it.

This film captures that experience, explores the time period, and is a unique look at pop culture, music and feminism.

Cliff Twemlow was a nightclub bouncer, composer, novelist, actor, filmmaker and unsung '80s UK legend. For more than a decade, the unstoppable Manchester native – along with a devoted team of local doormen, martial artists, variety performers, models, girlfriends, gym friends, family members and B-listers – created his own low-budget shot-on-video empire via a bollock-bashing oeuvre of gangster films, horror movies, spy thrillers, sci-fi epics and beyond. This first-ever **Intervision Picture Corp.** box set brings together every film by "The Orson Welles of Eccles" – including his infamous Section 3 'video nasty' **G.B.H./GRIEVOUS BODILY HARM** – sourced from their original tape masters, as well as 2023's "sweet, moving and very, very funny" (*Deadline Hollywood*) documentary **MANCUNIAN MAN: THE LEGENDARY LIFE OF CLIFF TWEMLOW** directed by **Jake West**, plus unfinished projects, over 13 hours of Special Features, a CD featuring Cliff's music from placements that include **DAWN OF THE DEAD** and much more.

Jim Morrison - Rock Poet DVD

Jim Morrison was a wonderful by product of 1950's era of a new breed of artists: self-titled intellectuals and modern-day philosophers.

Jim Morrison was a wonderful by product of 1950's era of a new breed of artists: self-titled intellectuals and modern-day philosophers, gathering in coffee houses in New York, San Francisco and Paris reading Beat Poetry. The sex symbol considered himself to be a poet first, he was a man of words prior to The Doors and up until the day of his death at age 27.

Jimi Hendrix - The Guitar Hero DVD

Moving beyond the icon, this documentary brings alive the music that Jimi Hendrix evoked from his soul, using the instrument as his "personal diary".

Jimi Hendrix's style evoked a home-grown, raw, and uncensored sensuality, which indeed was his nature and also that of his music, as if he was how own muse. Narrated by Slash, of "Guns and Roses" and long-time Hendrix acolyte, this film is less a biography than the first film ever to focus on the music and the impetus of the master who created it.

Kittie - Kittie: Origins/Evolutions DVD

The first and most popular all-female metal band explores their 90's roots and their 25 years of breaking through barriers.

In the late 90's when sisters Morgan and Mercedes Lander formed an all-female metal band in London, Ontario, little did they know Kittie would explode onto MTV and radio, become a pop culture phenomenon, and sell millions of records worldwide while they were still in high school. This film captures that experience, explores the time period, and is a unique look at pop culture, music and feminism.
