### Emissary - Emissary Vinyl

This Finnish 3 piece unleashes a classic US metal sound, reminiscent of the mid-80s.

Dimi (Ranger) and Iiro's idea of a band got the fire it needed when Joel (ex-Chevalier) joined. Even in the very beginning, the unrelenting power of old-school US power metal, classic heavy metal and the challenging structures of prog rock were the centerpieces of the music.

### Lucifuge - Monoliths Of Wrath Vinyl

The black/thrash beast is back with its 5th album - faster, more technical, more atmospheric.

Since 2016, Germany's Lucifuge have steadily perfected an addicting style of blackened speed metalpunk. Unapologetically more technical than their more idiomatic "metalpunk" past, LUCIFUGE's latest LP is not lacking for speed - in fact, it's FASTER - but this much-more-directly thrash-oriented record takes sonic cues from classic Sodom, Kreator, Exodus, and of course Slayer.

### Nanny Assis - Rovanio Vinyl

Rovanio is a remarkable kaleidoscope of styles, textures, ideas, and even languages.

Rovanio is indeed a remarkable kaleidoscope of styles, textures, ideas, and even languages, yet it never strays from the distinctive Brazilian elements that form the foundation of Assis's music. It doesn't have to: that kaleidoscope itself is part of what makes the country's music special. No less than 20 artists appear across Rovanio's ten tracks - like Ron Carter, Chico Pinheiro & Randy Brecker.

## Thomas Andrew Doyle - Forgotten Sciences

The latest work by Thomas Andrew Doyle (TAD, Brothers of the Sonic Cloth).

Forgotten Sciences is the seventh solo full-length by the Grunge Grandfather who brought us the bands TAD, the punk aesthetics of HOG MOLLY, and the heavier doom-metal of BROTHERS OF THE SONIC CLOTH. In this new release, Doyle flexes his musical prowess yet again with trail-blazing vocal styles in a never-before-utilized way. The result is Forgotten Sciences showcasing his many vocal and multi-instrumental talents. The songwriting and lyrical content delve into the darker side of human existence, yet the underlying message is a positive one. As the song progresses, one's sense of time is suspended and gives way to tonal fractals of interwoven rhythms, melodies, and motifs. Doyle states, "This album is a note to self to stay in the moment and clear of the trappings of time. It is an affirmation that everything important happens in the present moment. Everything is an inside job, and there are no solutions to be found outside our indomitable spirit."

# NILS LOFGREN MOUNTAINS

Guest artists include

Ringo Starr • Neil Young • Cindy Mizelle  
The Howard Gospel Choir • Ron Carter  
and David Crosby

CATTLE TRACK ROAD  
RECORDS

Written and recorded at home in Scottsdale, AZ, and produced by Lofgren and his wife, Amy, the collection is lush and soulful, mixing rock and roll muscle with blues grit and gospel transcendence as it grapples with a world where pride and selfishness are treated as virtues and the power-hungry are rewarded for their greed and shortsightedness. Rather than respond with despair, though, Lofgren insists on resilience, reaffirming his faith in the redemptive power of love and art to help us rise above our circumstances and find the kind of purpose and meaning that make life worth living. The result is perhaps the most vulnerable and revealing work in Lofgren's impressive 50-year catalog, an intuitive, empathetic reflection on truth, trust, and the power of human connection delivered with the help of an all-star cast including Ringo Starr, Neil Young, Cindy Mizelle, the Howard Gospel Choir, Ron Carter and David Crosby.

### 38 Special - Live At Rockpalast 1981 CD/DVD

• 38 Special's 1981 Loreley Rockpalast show is, indeed, a memento of an exceptional performance of this legendary Southern Rock band in Germany.

38 Special are best known for their early 1980's hit singles "Hold On Loosely" and "Caught Up in You", along with other Top 40 Billboard Hot 100 chart entries in the 1980s and early 1990s. **Domsday Outlaw - Damaged Goods CD**

Doomsday Outlaw return with their third studio album Damaged Goods.

As Doomsday Outlaw began work on this album, they knew they wanted to step up to the next level and deliver on the promise of their previous albums, keeping the heaviness and the soulful vocals, and turbo-charging it all with some retro rock feelgood vibes. Channelling Skynyrd, Aerosmith and The Faces through their signature heavy blues stomp, the band worked to expand their signature sound.

**Duthaig - Hiraeth CD**

Black Metal, Atmospheric Black Metal, Pagan Black Metal, Pagan Metal, Folk Metal

The single "Teeth Of The Earth" showcases an atmospheric and tight black metal, with post-tones and accompanied by remarkable blast beats, also in this case evidently a follower of the Cascadian scene. An element that seems to characterize Duthaig compared to the many atmospheric black bands that crowd the underground is the vocal interpretation, decidedly more extreme and brutal than the average!

The alto saxophonist Marion Brown (1931 - 2010), who grew up in Atlanta, moved to New York in 1965, and almost immediately, while still an unknown musician, played on John Coltrane's seminal album "Ascension" and Archie Shepp's "Fire Music", quickly became one of the most radical but also romantic of the free improvisers. Brown was an important figure in twentieth-century jazz. Together with Ed Kroeger (trombone), Sigi Busch (bass) and Steve McCall (drums), they played various concerts in Germany as a quartet in 1969 and also stopped at the Club Lila Eule in Bremen on April 24 that year. This historical live recording is now available for the first time on double-CD.

38 Special's "Live At Rockpalast 1981" show (Loreley, August 29, 1981) was off the rails, an excellent high energy show. Vocals and sound were on point. Tony Williams certainly counts among those unique drummers in jazz today, whose work has had a lasting influence on styles and still does. This timeless album, released in an edition of only 500 copies back in 1980, was hardly promoted at the time and may therefore have remained unknown to one or the other. Produced by Tony Williams and Peter Schnyder in tandem, composed by Tony Williams and Patrick O'Hearn (for the first two tracks) and Tom Grant (together with Tony Williams and Patrick O'Hearn on the 3rd track).

In 1998 the grand dame of Dark Wave, Anne Clark, performed with her band - Andy Bell (keys), Gabriela Alqueres (guit.) and Midus Guerreiro (bass) - at the WDR (biggest national German Radio & TV - station) Rockpalast Osterrocknacht in Bonn's Biskuithalle. The impressive concert started with Anne's 1990 single "Abuse", followed by 1991's "Counter Act" from the "Unstill Life" album. Tracks from the albums "The Law Is An Anagram Of Wealth" (1993) and "To Love And Be Loved" (1995) completed the program, including terrific live versions of the Anne Clark hits "Sleeper In Metropolis" and "Our Darkness." Conclusion: A very impressive and evocative performance by Anne and her musicians, now available on CD and DVD.

**Emissary - Emissary** CD

This Finnish 3 piece unleashes a classic US metal sound, reminiscent of the mid-80s.

The tale of Finland's EMISSARY began in October 2019, just moments before a Cirith Ungol gig in Helsinki. Dimi (Ranger) and Iiro's idea of a band got the fire it needed when Joel (ex-Chevalier) joined. Even in the very beginning, the unrelenting power of old-school US power metal, classic heavy metal and the challenging structures of prog rock were the centerpieces of the music.

**Lucifuge - Monoliths Of Wrath** CD

The black/thrash beast is back with its 5th album - faster, more technical, more atmospheric.  
 Since 2016, Germany's Lucifuge have steadily perfected an addicting style of blackened speed metalpunk. Unapologetically more technical than their more idiomatic "metalpunk" past, LUCIFUGE's latest LP is not lacking for speed - in fact, it's FASTER - but this much-more-directly thrash-oriented record takes sonic cues from classic Sodom, Kreator, Exodus, and of course Slayer.

**Nanny Assis - Rovanio** CD

Rovanio is a remarkable kaleidoscope of styles, textures, ideas, and even languages.  
 Rovanio is indeed a remarkable kaleidoscope of styles, textures, ideas, and even languages, yet it never strays from the distinctive Brazilian elements that form the foundation of Assis's music. It doesn't have to: that kaleidoscope itself is part of what makes the country's music special. No less than 20 artists appear across Rovanio's ten tracks - like Ron Carter, Chico Pinheiro & Randy Brecker.

Songs about our addictions, our compulsions, and the needs and struggles of the human condition.

### Paul Chain - Park Of Reason CD

This album is unashamedly doom and proudly proclaims itself as such from the first negative chord.

The atmosphere is profoundly different from, say, "alkahest". quite fitting for Italy's notoriously enigmatic and stylistically capricious doom maestro, really! the emphasis here is on torturous, droning, mammoth dirges, almost VITUS-esque in magnitude, but less anguished and desperate feeling.

Guitarist Bill Coon and vocalist Sienna Dahlen navigate silence and shape time on their poignant debut. They reside in spacious spontaneity.

"Se balader": a french verb meaning to stroll, wander or roam. In other words, a slow & easy movement through time. Musically, this is what Dahlen & Coon set out to experience in Jan., 2020 under a misty evening sky in Vancouver, BC. There was really no end goal, only the moment to honour, as living in a jazz ballad means remaining open & vulnerable while navigating silence & shaping time.

## Lewis Black - Tragically, I Need You

LEWIS BLACK brings his inimitable insights to the "post"-pandemic state of world. "Tragically, I Need You" picks up where his last special left off.

In his latest special Tragically, I Need You, comedian LEWIS BLACK brings his inimitable insights to the post-Pandemic state of the world. Filmed in May 2022, Tragically, I Need You picks up where his last special, the Grammy-nominated Thanks For Risking Your Life, left off. This time he has the view of someone who spent entirely too much time in isolation during the pandemic, where the irksome details of life drew his acute attention. As the world shut down in the spring of 2020, Lewis went on a quarantine-tinged journey of self-discovery which led him to many personal revelations, including that he is old, that solitary confinement is a punishment, and that all recipes are made for a happy family of four. And most importantly, never look directly in a cat's eyes. Despite the trials of quarantine, Lewis' feisty streak has not faded. In the "new" normal, he is quick to acknowledge that he's feeling a significant level of frustration at the thought of creating comedy in a world where the reality of events exists only in the minds of the viewers. His job now is to nightly counteract the daily narratives presented by the former president, the current Ghost of Christmas Past, and the conspiracy theorists and Walmart shoppers who span the political and social spectrum. "I'm supposed to make a joke that's going to make you laugh about how stupid has become stupider?" says Lewis. "There was all this talk about how we're gonna get back to the 1950s when things were better, then Russia is like '1950s?' we're gonna go back to the late 1930s'. Jesus Christ, who has the energy for that?" "It doesn't feel different because I'm someone who writes while in front of an audience, because that's how I find things out. Sometimes it's 'how do I do this or that?' or 'how do I play the rhythms of the act?'" he continues. "It's just great to be back on stage. One of the more major relationships in my life over the last few years has been with my audience."

Twenty-five years after their split they reconvened, making tours of the UK and USA. A single 'Dandelion King' was issued in 2011. Unfinished business was an album, and Made Glorious was released in 2013 via an over-subscribed Pledge Music campaign. Fans got access to a very limited CD and download, and sadly events intervened to stymie a wider release, much to the disappointment of their fans

### Ute Lemper - Time Traveler CD

"Time Traveler" of Ute Lemper is a very personal album full of wonderful songs written by herself.

With "Time Traveler" Ute Lemper accomplishes the unusual feat that, for listeners, the 23 years which lie between the individual songs aren't obvious at all. The present in the past and the past in the present merge as if by osmosis. "Time Traveler" is a very personal album, but its message extends far beyond Ute's own life experience.

**HE CREATED THE PERFECT KILLING MACHINE - NOW IT IS GOING TO KILL HIM!**

The savagery of "The Deer Hunter", the brutality of "First Blood" and the unbridled power of "Rambo" come together to create the most intense film yet about the effects of the Vietnam War - KILL ZONE. Colonel Crawford (David Campbell, Killer Workout), the sadistic commander of an advanced military training center known as "Scare Camp", has created the most grueling and realistic exercise imaginable; to him it is brilliant, to his men... deadly. To Vietnam War veteran Jason McKenna (Fritz Matthews, Deadly Prey) it becomes all too real. His ability to distinguish between flashbacks and the ongoing exercise slowly fades. Driven by emotional terror McKenna believes he must kill to survive. He escapes the simulated prison camp and begins his reign of terror; killing the unsuspecting residents of a nearby town. Now it is up to Colonel Crawford to stop him in this action-packed adventure from writer / director David A. Prior (Deadly Prey).

**The Lloyds - Attitude Check**

For 7 years, The Lloyds filled night clubs in the Bay Area and beyond with their vibrant power pop quintet. CD contains 13 studio and 7 tracks.

Four decades ago, San Francisco's punk & New Wave music scene was electric: countless bands were shaking the walls of dozens of live music venues. Rehearsal rooms and recording studios were booked solid. Streetlights and telephone poles around the city were covered with ever-thickening layers of paper fliers, wheat-pasted and stapled over each other, promoting dozens of bands every night of the week. From 1978-1984, thousands of those fliers advertised performances by Lloyds (a/k/a The Lloyds), a vibrant power pop quintet that filled night clubs in the Bay Area and beyond. As you'll hear on this CD - which includes their best recordings plus a 1980 bottle rocket of a live set - they wrote and played dramatic, hook-laden songs that cut across musical styles and they were energetic, engaging performers who loved to entertain and win over new fans.

**Residents - Duck Kosmische** 7" Vinyl

Take a trip into a brief but aborted Residents space opera that never was.

Long forgotten by the group until they recently revisited the 'Duck Stab!' multitrack tapes, and inspired by a late '70s fad for all things Germanic and Kosmische (best realised on the classic 'Krafty Cheese'), 'Duck Kosmische' represents the beginnings of yet another Residents project which burned brightly and briefly but, ultimately, never really went anywhere.

## LIVE AT ROCKPALAST 1981

## AN EXCEPTIONAL PERFORMANCE OF THIS LEGENDARY SOUTHERN ROCK BAND!

38 Special's "Live At Rockpalast 1981" show (Loreley, August 29, 1981, The Outlaws, Nine Below Zero and Thin Lizzy were in the festival line-up that day as well) was off the rails, an excellent high energy show.

**AVAILABLE  
JUNE 30**
