MVD- THE CREAM OF THE CROP!

MVD does not go half-and-half in May, we are 100% whole with a glorious black vinyl 40th Anniversary reissue of **THE DEAD MILKMEN** and their 1985 debut **BIG LIZARD IN MY BACKYARD**. The Philly Foursome made their mark with this quirky, satire-laced release, which includes the indie rock staple 'Bitchin' Camaro,' as well as "Tiny Town," and "Dean's Dream." 'A pile of juvenile goodness!' Milking the Lizard in righteous fashion, the **DEAD MILKMEN** deliver!

Going all the way in delivering relentless rock and roll for 30 years are **NASHVILLE PUSSY. 10 INCHES OF PUSSY- SEASON ONE** is the inaugural EP release in a series of Big 10-inch records, pressed on vinyl and spinning at 45 RPM for maximum aural satisfaction! First new music in 7 years, **NASHVILLE PUSSY** scratches the itch! **ZIGGY MARLEY** returns with HIS first new music in 8 years, with the LP and CD release of **BRIGHTSIDE**. Music of healing and compassion, packaged in a mix of reggae, rock, blues, and funk. Guesting are Sheila E. and Trombone Shorty.

RED ROCKERS were considered to be America's answer to the Clash, and their musical and lyrical passion reinforces that comparison. Recorded live in their hometown of New Orleans at Tipitina's, **IT'S IN OUR BLOOD** features the band's debut release **CONDITION RED** in its entirety along with choice catalog and covers. Available of red vinyl LP, CD and Bluray.

Shaking the rafters with blues drenched rock are **THE FABULOUS THUNDERBIRDS**, with a live CD/DVD and LP release of **LIVE IN LONDON 1985**. Features the hits 'Tuff Enough" and "She's Tuff," the T-Birds are certainly tougher than the rest! Founding member **KIM WILSON** (along with Jimmie Vaughan) also has a vinyl release in the form of **SLOW BURN**. Deep blues cover from Howlin' Wolf and more, and not one song has the word 'Tuff' in it!

Limited edition movies from Arrow Video this month include 1991's **ROBIN HOOD: PRINCE OF THIEVES** (Kevin Costner), a real steal on 4K, the drama of unchecked technology in **BLUE THUNDER** (Roy Scheider), and a Japanese Sc-Fi thriller **G.I. SAMURAI** starring **Sonny Chiba**. Like Sonny, **Sammo Hung** is a master of serious swordplay, and he flashes the silver in the **88 FILMS** Bluray **THE INVINCIBLE EIGHT**. Ditto **BORN A NINJA/COMMANDO THE NINJA DOUBLE FEATURE**, Martial Arts Mayhem shot on video for pure Ninja chaos!

In May, the cream rises to the top!

**Heartbreakers - L.A.M.F.: The Found '77 Masters (Limited Transparent Vinyl)** Vinyl

Limited edition transparent vinyl. Ex-New York Dolls (Thunders, Nolan) band's recently found 1977 master, without 'mud' - heard as the band intended!

FOUND IN AN ATTIC - a punk rock archaeological discovery: a copy master of the original 1977 tape, without 'mud'! This classic rock'n'roll album, recorded in London by the New York band featuring two New York Dolls, was always controversial. Upon release on Track Records in 1977, it was universally condemned in the music press for having a 'muddy mix' - later found to be a mastering fault.

**Iggy and the Stooges - Metallic K.O. (50th Anniversary Limited Blue Vinyl)** Vinyl

The notorious, riotous "Last ever Iggy & The Stooges show" - 'you can hear beer bottles breaking on guitar strings!'

Iggy & the Stooges confrontational, riotous final gig. They had been quiet since 1973's 'Raw Power', and the sound of kamikaze Iggy dodging eggs and glasses whilst taunting Hell's Angels found a new audience in the emerging 1976 punk crowd. It defined Iggy as a punk originator and at the time, become a Stooges best-selling album. 50th anniversary limited blue vinyl edition with inner bag.

This polyphony itself is the common denominator of their work.

ELDER are an anomaly in the heavy underground, a band with the ability to absorb and shed influences while always maintaining their distinct identity. They've long been masters of crushing riffs, melodic jaunts, progressive patterns and hypnotic grooves, and new album Through Zero is a reaffirmation of their commitment to pushing the boundaries of heavy rock.

Through Zero is Elder's most immediate record to date. Seeds from outside the sphere of straight-ahead rock bloom within their experimental framework, offering listeners new textures, sequences and sounds woven into the band's bombastic and forward-gazing approach.

Formed in a small coastal town in Massachusetts by three longtime friends with a passion for downtuned

heavy music, Elder has lost a drummer, gained a guitarist, mostly relocated from the USA to Germany, played hundreds of shows including an arena tour opening for TOOL, and released six full-length albums plus several EPs and live records.

A term borrowed from sound engineering, "Through Zero" describes frequencies being able to pass through the zero point and continue into the negative. It's a technical concept, but one that resonates existentially, where zero isn't the end, just a midpoint along a mostly unseeable path; the journey is the destination and reality is less linear than most of us perceive.

Elder will support Through Zero this summer/fall with heavy touring in the USA and Canada, including festival performances and headline shows.

Charles Sullivan - Genesis

Charles Sullivan deserves full honors for this lyrical debut album.

Genesis, the 1974 debut from trumpeter and composer Charles Sullivan, stands as one of the finest and most criminally overlooked recordings of the post-bop era. A luminous and deeply felt work of acoustic jazz, it reveals Sullivan as a composer of uncommon lyricism and emotional depth—an artist whose technique and tone rival his better-known contemporaries, yet whose quiet mastery has long flown under the radar.

Entirely arranged, composed, and produced by Sullivan himself, *Genesis* balances freedom and structure, intellect and soul. From the haunting beauty of "Evening Song" to the spiritual yearning of "Field Holler" and the climactic title track, the album alternates between moments of introspection and fiery ensemble interplay. The performances shimmer with the electricity of collaboration, featuring an all-star lineup that includes Sonny Fortune, Stanley Cowell, Billy Hart, Alex Blake, Onaje Allen Gumbs, Dee Dee Bridgewater, Anthony Jackson, Lawrence Killian, Alphonse Mouzon, and L. Sharon Freeman.

Recorded at Sound Ideas in New York City in June 1974, the album captures the creative pulse of an era when spiritual and avant-garde jazz coexisted with remarkable intensity. Its interplay of brass, piano, and rhythm evokes both the emotive power of Miles Davis's acoustic work and the exploratory sophistication of Woody Shaw, yet Sullivan's melodic voice remains unmistakably his own.

Critics have long recognized the album's brilliance. *DownBeat Magazine* awarded it a rare five-star review, declaring, "Charles Sullivan deserves full honors for this lyrical debut album... a satisfying aural experience, an acoustic set electrified with feeling, alternating blue and brightly burning." *Rolling Stone's Jazz Record Guide* hailed it as "an outstanding example of small-group arranging and composition." *AllMusic* praised it as "one of the very best post-bop efforts of its decade," while jazz historian Scott Yanow described it as "an exhilarating set of 1970s post-bop jazz, arguably the finest recording of Sullivan's career."

Genesis remains a revelation—an essential rediscovery for any listener drawn to the spiritual and expressive heights of 1970s jazz, where form, freedom, and feeling converge in one of the genre's most beautifully complete statements.

"...these 20 satire-laced songs are real crack-ups, and backed up by tight playing that incorporates funk, country, and lots of other styles into their punk approach."

— *Maximum Rocknroll*

"Four really short skinny guys with goofy fake names (Rodney Anonymous, Joe Jack Talcum, Dave Blood, Dean Clean) come tootin' outta Philadelphia with an amazingly well-produced, crisp, clear, vibrant, alive amateurish pile of ridiculous juvenile goodness."

—Mark Prindle, *MarkPrindle.com*

"As a whole, the album shows that the Milkmen know their rock & roll history, whether tackling serious issues with sarcasm or just aiming for straight-up silliness."

Nashville Pussy - Get Some

20TH ANNIVERSARY REISSUE! Nashville Pussy continues their tradition of Raunch and Roll!

Better make that Get Some More. On their fourth album, white-trash rednecks Nashville Pussy are raising hell again. I know this because the disc includes a song called "Raising Hell Again." It also has tunes called Pussy Time, Good Night For A Heart Attack, Hate And Whiskey, Lazy White Boy, Hell Ain't What It Used To Be and Meaner Than My Mama, all of which serve up the usual snakebite cocktail of AC/DC licks (from underdressed guitar goddess Ruyter Suys), thumping biker-bar grooves from the rhythm section (featuring yet another new chick bassist) and Alice Cooper-on-steroids vocals from mean-mofo main man Blaine Cartwright. Most of the 13 tightly rolled numbers on this 40-minute slab of southern-fried riffage are every bit as greasy, sleazy, and cheesy as anything from 2002's Say Something Nasty -- except for the covers of Ike and Tina Turner's Nutbush City Limits and Ace Frehley's Snowblind, which make it clear they listen to slightly better music than they write. If you want another blast from the Pussy posse, here's where to get some." The song "Come On, Come On" was featured on the TV show PEACEMAKER, and was also featured in the video game "Jackass: The Game" along with "Hate & Whisky"

STEVEN HALPERN ft. JORGE ALFANO *Spirit of Bamboo* 432 Hz

Jazz-Zen World Fusion Meets
Meditative Sound Therapy

In the hands of a master like *Jorge Alfano*, the *shakuhachi* bamboo flute is central to a Zen Buddhist meditative tradition going back 1,000 years. It is usually played solo.

Similarly, the *bansuri* bamboo flute in classical Indian raga music, is traditionally played only with percussion (tabla) and tambura (drone)—no chord accompaniment.

As producer and co-composer, *Steven Halpern* adds harmonic interest and sonic sophistication with layers of Rhodes electric piano, grand piano, ambient keyboards and ethereal soundscapes.

This album includes many brand new tracks that will delight fans of world/fusion sound therapy.

The entire album is excellent for massage, spa use, yoga, meditation and pure listening pleasure.

Austria's leading atmospheric black metal band!

Rückzug in die Innerlichkeit is a very special release to me as it was my first attempt putting my ideas out there anonymously and let people enjoy an LP that is deeply rooted in the harsh desolation of black metal and the beauty that lies in nature, loneliness and misanthropy.

György Kurtág - Fin De Partie CD

Fin de Partie is the first opera composed by György Kurtág, in which he composed music for selected scenes from Samuel Beckett's play Fin de Partie.

Once again, Kurtág drew on his incredible knowledge of music history: Monteverdi's influence can be traced in the relationship between text and music, Mussorgsky's in the creation of dramatic power and atmosphere, Debussy's in the French declamation, and late Verdi's in the comic elements. Fin de partie took seven years to compose, and the performers spent two years preparing for the premiere.

**FROM CONTROVERSIAL AND
PROLIFIC DIRECTOR BILL ZEBUB,
DICKNADO MAKES ITS DEBUT
ON BLU-RAY ON MAY 12, NEWLY
RE-EDITED FROM THE ORIGINAL
2017 VERSION.**

The film is a darkly comic meditation on change, identity, and human frailty. Those who confront the unknown are swept into transformation, while those who resist it are destroyed—a theme Zebub frames through long, theatrical dialogue and static compositions that recall the structure of ancient tragedy.

The Blu-ray release features over two hours of behind-the-scenes footage, giving fans an intimate look at Zebub's guerrilla filmmaking process, his improvisational directing style, and the chaotic creativity that fuels his cult legacy.

WIM VERSTAPPEN'S MOST CONTROVERSIAL FILM FROM THE DIRECTOR OF BLUE MOVIE & PASTORALE 1943 WORLD PREMIERE ON BLU-RAY & US PREMIERE ON DVD

BLU-RAY EDITION WITH SLIPCASE

A film by WIM VERSTAPPEN

Cornelis van Doorn is the boss of the family business VD, a factory for meat and birth contraceptives, as well the godfather of his family. When the old gentleman gets burned out, a new generation is willing to take over the torch on the basis of the proven VD code, but not without conflict.

Following *Blue Movie*, Wim Verstappen directed the satire *VD*, one of the most controversial films made in Holland on moral and social values; incest, abortion, decadence, promiscuity, unethical commerce and animal and manslaughter. Producer Pim de la Parra called the recently restored *VD* "the most brilliant film" Wim Verstappen had ever made.

Blood Bitch Baby

Countess Elizabeth Bathory lures a young woman to her lair so that she can give birth to the title creature.

Blood Bitch Baby drags the infamous legend of Countess Elizabeth Bathory out of 17th-century Hungary and into the sleazy underbelly of modern-day America, where director Donald Farmer (*Demon Queen*, *Shark Exorcist*) unleashes his most twisted vision yet. Forged in a pact with Satan himself, Bathory has survived through the ages, feeding on innocence and plotting the birth of her unholy master's monstrous heir.

Jessa Jupiter Flux (*Murdercise*, *Debbie Does Demons*) stars as the immortal countess, wielding her deadly allure to ensnare Jenny (Angel Bradford), a woman whose torment takes a dark new turn after Bathory grants her demonic powers. Those powers become both a curse and a weapon when Jenny turns them against her violently unstable boyfriend, Kevin--played with manic menace by Joe Casterline (*Cannibal Hookers*).

With its trademark mix of blood-drenched camp and VHS-era grit, Farmer transforms the Bathory mythos into a fever dream of gore, temptation, and revenge. *Blood Bitch Baby* doesn't just update the legend--it mutates it, colliding satanic horror with exploitation cinema's raw energy to produce something gleefully grotesque and utterly unpredictable.

The Blu-ray edition features a behind-the-scenes photo album, a director's introduction by Donald Farmer alongside Kasper Meltedhair, and a reel of Blood Sick trailers for fans of the underground horror circuit. As Josh Schafer of Lunchmeat VHS Magazine raves, "Abounding with blood, flesh, and bad dreams, this is the most bizarre twist of the Bathory mythos I've ever encountered."

The Box

Police detective Chris Loudon's mission to expose the truth behind one of America's worst serial killers.

Det. Chris Loudon re-opens the cold case of Pam Maurer, a 16-year-old high school student who was murdered and dumped in Lisle, Illinois back in 1976. DNA evidence leads his team to a suspect who lived in the area at the time. They talk to the suspects' friends and girlfriends and start building a picture of what he was like. Girlfriends remember him as good-looking and charming with bright blue eyes. Friends remember him as eager to help. He was a keen skydiver and amateur photographer - he liked to take pictures of naked women which he'd show to his friends. He was also quick to snap, carried a gun and kept a bottle of ether in the fridge, with which he drugged at least one girlfriend, before photographing her naked. Loudon discovers he was the suspect in the rape and disappearance of a young woman in 1980. He then finds a box that was found in the suspect's house, filled with photos of naked young women, some appearing drugged and underage. He wonders whether these women in the photos were also his victims, has Loudon uncovered a serial killer?

Lost Boys And Fairies Complete Series

Gabriel and his partner Andy adopt a child. But Gabriel has a history

In the poignant and deeply human drama *Lost Boys and Fairies*, queer performance artist Gabriel (Sion Daniel Young, *Slow Horses*) and his partner Andy (Fra Fee, *Hawkeye*) dream of adopting a child together. But beneath Gabriel's vibrant stage persona lies a history of childhood trauma that resurfaces just as their plans for parenthood take shape. When a sudden, devastating event threatens to tear their family apart, both men are forced to confront the wounds of the past--and the limits of love, forgiveness, and self-acceptance. Written by Daf James and directed by James Kent, this acclaimed BBC miniseries balances raw emotion with luminous creativity, interweaving music and performance into its exploration of queer identity, adoption, and chosen family. The chemistry between Young and Fee anchors the story with authenticity and warmth, while standout performances by Sharon D. Clarke and Leo Harris bring depth and vulnerability to a tale about finding hope amid heartbreak.
