JERRY ONLY - ANTI-HERO [LP]

HAVE YOURSELF ANOTHER SWINGIN' LITTLE CHRISTMAS: MORE FINGERPOPPIN' TUNES FOR YOUR HOLIDAY SEASON [LP]

SASS JORDAN - BITCHES BLUES [LP]

ONLY IN OCTOBER!

MVD is coming with Only the best in October, with the debut CD and LP release from **JERRY ONLY**, "ANTI-HERO!" Who is Jerry? Only one of the initial members of the infamous horror-punk band **The Misfits!** ANTI-HERO hits that vein hard, honoring and embellishing the Misfits tradition. LP on limited edition Gold nugget vinyl w/Glow-In-the-Dark ink and MP3 card!

There is Gold in all vinyl, and October finds new wax from blues purist **RORY BLOCK** and her latest "AIN'T NOBODY WORRIED," Rory's tribute to female soul and R&B artists. **SASS JORDAN**, who played the Joplin role on Broadway in **Love, Janis**, offers her new release "BITCHES BLUES" on classic black wax. Hot off the vinyl press is a brand-new **ANDREAS VOLLENWEIDER** new age masterpiece "SLOW FLOW/DANCER," a collection of relaxed, flowing harp pieces in Vollenweider's patented style. All available also on CD!

Only available on CD is a soundtrack release from heralded jazz bassist **RON CARTER**, and the score to his PBS special "FINDING THE RIGHT NOTES." Also laying the groove on this release with Ron are **Stanley Clarke**, **Jon Batiste** and **Bill Frisell**. Rapping it up are two Ruffnation label CDs of classic hip-hop, **ARRESTED DEVELOPMENT's** "FOR THE FKN LOVE," and **WU-TANG X REMEDY** self-titled new release.

Only available for a limited time is Arrow Video's 2-disc bluray (and DVD) compilation of "THE COUNT YORGA COLLECTION," two updates on the Dracula story with Count Yorga, who resides in the California sun. Better draw those blinds! And keep them closed for Blue Underground's "QUIET DAYS IN CLICHY" 4K and bluray double disc set. Peek behind the curtains and witness the outrageous erotic adventures of our two wanton writers. This once-banned adults only classic can now be seen in a brand-new restoration.

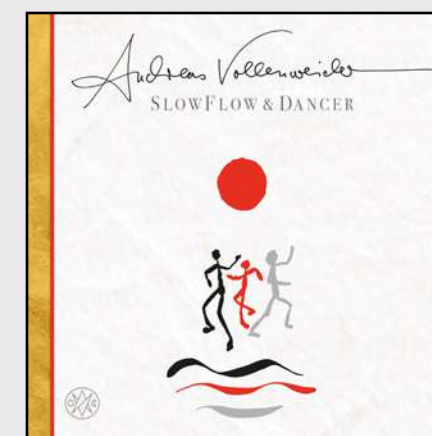

Three formats are needed to bring to life the horror feature "CHILDREN SHOULDN'T PLAY WITH DEAD THINGS." The playground is an abandoned island, where a theatrical troupe digs up a corpse in a mock Satanic rite. What could go wrong? Witness it on bluray, DVD and 4K. Watch BBC reporters uncover a poltergeist in a London house in the mockumentary "GHOSTWATCH" DVD. Limited edition contents, so get this before it goes poof! MVD October-Only the Best!

Adam Kosmieja - Stefan Weglowski: Phase_1_4 CD

A monumental piano cycle, grippingly interpreted by Polish pianist Adam Kosmieja.
Adam Kośmiejka is one of the most expressive Polish pianists of the young generation. His new album by Stefan Weglowski proves this: a monumental piano cycle, grippingly interpreted. Weglowski, indispensable from the international scene, almost surprises us with the reduction to one instrument - but the richness of expression, colors and various atmospheric moods is just as surprisingly rich.

AEON RINGS - ENEMY CD

Big Beated EBM mixed with 80's style new wave vocals and chants ready for the club.
Enemy is a story within the antagonist we all have and often times have to own within ourselves. It relies on dark, heavily aggressive beats inspired by EBM and Techno as much as it does sorrow and cinematic soundscapes evoking emotional response within the vocals and lyrics. Fully Operational brings modern Big Beated EBM mixed with 80's style new wave vocals and chants ready for the club.

When the band Agitation Free came together in 1967 as a result of the merging of two Berlin rock groups, one of the most interesting groups in a dawning independent German music scene was created. With their improvisations between rock, jazz and new music, Agitation Free soon relegated to the not so flattering category of "Krautrock".

Melancholic & melodic jangly pop with layered guitars & soft vocals from ex-Musical Chairs / RIYL: Trembling Blue Stars, Luna

Debut album from the new project of Ian Schlein (who recorded with/as Musical Chairs in the '90s), that sounds fairly similar to his earlier work: melancholic & melodic jangly pop with layered acoustic & electric guitars and soft vocals (which are also usually layered) that's like a melding of Bobby Wratten & Dean Wareham.

Battalion Zoška - New Blood CD

Punk band from Philadelphia, USA featuring members of Violent Society and Combat Crisis

Battalion Zoška (That's "Zoe-sh-ka") is the new band fronted by Pat of Philly punk bastions Violent Society. Cassius King - Dread The Dawn CD

Stunning Riff Machine! Cassius King is a feeling set to music, which can't really be done justice with the generic terms doom and stoner!

Dan Lorenzo (Hades, Non Fiction, Patriarchs In Black) is a riff machine made flesh. Cassius King once again prove this on their second album where the quartet rolls through dragging, poignant melodies, embraced by the striking vocals of Jason McMaster (Watchtower, Dangerous Toys), which give the sound an authentic depth, driven by the merciless grooves of Ron Lipnicki (Overkill, Whiplash)

After "Quiet Places" (2020) Andreas Vollenweider has grouped his music on his new album according to atmosphere and character: "Slow Flow" is a collection of pieces with a relaxed, flowing feel, while "Dancer" is full of movement and rhythm.

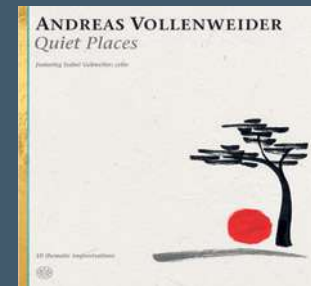

All 11 songs on "Slow Flow" and "Dancer" were created between 2010 and 2021 in collaboration with British producer Andy Wright (Eurythmics, Simply Red, Jeff Beck, Simple Minds, among many others). The music of "Dancer" also reflects Vollenweider's connection with Africa. The South African vocal harmony band Africapella and singer Ayanda Nhlangothi embody this connection.

The recordings took place at Andreas' Lakeside Studios in Switzerland, as well as at SABC Studios in Johannesburg, South Africa, and finally at the legendary Abbey Road Studios in London. Andy Wright's long-time sound engineer Gavin Goldberg has set new sonic standards for Vollenweider's music with his work, and is able to delight even the most discerning audiophiles with a punchy yet transparent, dynamic soundscape!

"Slow Flow & Dancer" - every enchanted note will shimmer forevermore in your spirit pure magic!

For Fire Names, Grabois wanted to create a tape track using electronics that would accompany a natural, unprocessed horn sound. He also wanted a recital-length piece - one piece that he could perform alone, with his computer, a small mixing board, and some speakers. ...and since he had just released Air Names, he wanted to call the new piece Fire Names.

Klaus Schulze - Body Love 2 CD

Re-issue of the Klaus Schulze classic

It might seem like I only produced "Body Love 2" because the first "Body Love" (February 1977) was such a big success in America but that's not correct. Firstly, I only learnt of the first album's success later on and secondly, as long as I'm working in the studio on a project I'm never overly worried whether the music will be a success later on.

Matthieu Donarier & Eve Risser - Bestiaire #01 I Explorations CD

Explorations, and that of grander project Bestiaire, combines three solutions in one single gesture: story-telling, prospecting, and reconstitution

... corrosion is the fate of everything that humans embark on an encounter with. The game of surpassing the natural order should, then, remain a vain wish. Unless, perhaps, we saddle it with a supplementary rule. Let's call it story-telling, prospecting, or reconstitution. The music of Explorations, and that of the grander project Bestiaire, combines these three solutions in one single gesture.

Michael Wolny Trio - Ghosts CD

Wolny's "Ghost Songs" range from classical to jazz standards, from songs by the likes of Nick Cave to own darkly evocative original compositions

Typically for Wolny, they range from classics like Franz Schubert's "Erlkönig" to jazz standards, film music, songs with a certain fragility by Nick Cave, say, or the band Timber Timbre, and also include his own darkly evocative original compositions.

“It’s 1969 Paris, the smell of women is in the air...”

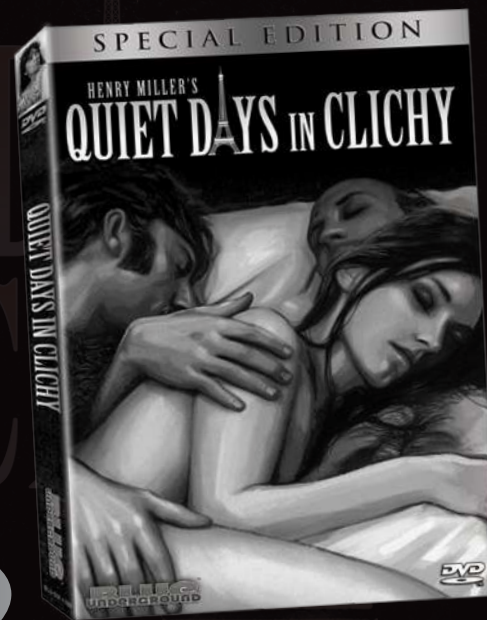

From Henry Miller, the Controversial Author of *Tropic of Cancer*

Joey is a struggling writer with no money. His roommate Carl is a charming stud with a taste for young girls. Together, these two insatiable dreamers will laugh, love and screw their way through a decadent Paris paved with wanton women, wild orgies and outrageous erotic adventures. Based upon the long-banned novel by Henry Miller and featuring a hit soundtrack by rock legend Country Joe McDonald, QUIET DAYS IN CLICHY is considered to be the most daring film adaptation ever of one of the most controversial authors in history.

In May of 1970, the United States Government seized the only English-language prints of QUIET DAYS IN CLICHY on charges of obscenity. And while it was ultimately cleared in Federal Court, the film mysteriously disappeared shortly after its release. Now more than 50 years later, this landmark 'adults only' classic can be seen in a brand-new restoration, scanned in 4K 16-bit from its recently discovered uncut & uncensored original fine-grain negative, with Dolby Vision HDR and DTS-HD Master Audio!

"GROUNDBREAKING..."

HOUSE OF PSYCHOTIC WOMEN IS ONE OF THE MOST INFLUENTIAL PIECES OF FILM ANALYSIS OF THE 21ST CENTURY. KIER-LA JANISSE IS A LEGEND IN THE GENRE COMMUNITY."

Screen Anarchy

FOUR LONG-UNSEEN VISIONS OF FEMALE MADNESS WITH 13 HOURS OF SPECIAL FEATURES

In 2012 Kier-La Janisse published *House of Psychotic Women*, billed as "an autobiographical topography of female neurosis in horror and exploitation films." It soon became one of the most "vital" (Tim Lucas, *Video Watchdog*) and "astonishing" (*Daily Grindhouse*) genre tomes of all time. To mark the book's 10th anniversary, award-winning writer/programmer/filmmaker Janisse (WOODLANDS DARK AND DAYS BEWITCHED) now presents four of the strongest and strangest explorations of onscreen delirium and hysteria, all on American Blu-ray for the first time: Elizabeth Taylor stars in 1974's *IDENTIKIT* (aka THE DRIVER'S SEAT) as a hosfile woman who travels to Rome to find her most dangerous liaison. In the surreal 1985 Polish horror-comedy *I LIKE BATS*, a female vampire discovers that love may be the cruelest curse of all. *Florinda Bolkan* stars in the startling 1975 amnesiac giallo *FOOTPRINTS* from the director of THE FIFTH CORD, here in its U.S. and Italian versions. And British screenwriter and radical theatre icon *Jane Arden* directs 1972's harrowing *THE OTHER SIDE OF THE UNDERNEATH*. Each film has been restored from original vault elements, with all-new introductions by the author and hours of Special Features.

Nine-year-old Douglas Woolly (Alexander Brickel, *Palindromes*) is obsessed with the handheld video game "Satan's Little Helper," and annoyed that the attention of his big sister Jenna (Katheryn Winnick, TV's *Vikings* and *Big Sky*) is being distracted by her new boyfriend Alex (Stephen Graham).
