Ron Carter

Foursight: Stockholm

180 GRAM VINYL, 2xLP

IN+OUT RECORDS / SKU: IORCD77139-1 / UPC: 798747713917 / SRP: \$39.99

Accurate tone, unconditionally clear. The longest fingers of jazz seem to dance weightlessly along the wooden bridge; yearning, filigree and elegant. No one else sounds like Ron Carter. He produces a crisp groove like an electric bass, yet it is always clearly definable as the sound of a classical music instrument. Then the sound under the scorpion-like hands irresistibly swells.

People tasked with having to describe Ronnie Earl invariably note his passion. It's worth repeating because it's true. For his 40-year career as a blues musician, Ronnie has transfixed audiences with his distinct brand of emotion-laden blues. Still today, each time he performs he gives his audiences his all and shoots for the moon. Ronnie Earl is a four-time Blues Music Award winner as "Guitar Player of the Year," and a world-renowned composer and musician. Most of his 26 albums have included chart-toppers and best-sellers and he continues to be a crowd favourite at music festivals to this day.

Following the immensely successful *Beyond the Blue Door* album released in 2019, Ronnie continues to perform with his outstanding band The Broadcasters on his latest release: *Rise Up*. Scheduled to be released on Sept 11, 2020 by Stony Plain Records, *Rise Up* contains songs written and recorded just as the COVID19 quarantine was winding up. The majority of the album, recorded in The Living Room Sessions in Ronnie's home, are filled with songs that remind us of the comfort brought by family and community. Ronnie Earl has always believed in the power of music to heal the mind and spirit, and the 15 tracks on this new disc demonstrate that implicitly.

Rise Up confirms Earl's status as one of the most soulful blues/soul/jazz guitarists working today and as Gregg Grella reminds us, "Ronnie Earl continues to play elegant guitar."

Dynfari - Myrkurs Er Porf CD

Dynfari from Iceland plays black metal influenced, heavily atmospheric music. Myrkurs er þörf is their fifth album.

Having explored more progressive soundscapes in their blend of post-rock and black metal in the most recent works, this album marks a return to more DIY, punch and attitude. An introspection on thoughts of suicide and self-destruction, the essence of bleakness and suffering defeat from the shackles of your own mind, the album's direction is toward a darker, heavier side of the musical spectrum.

Great Cold Emptiness - Death Gifted A Bouquet CD

atmospheric black metal, Metal, funeral doom metal, folk metal, Post Black Metal, black metal

The band even creates a wonderful, magisterial "galactic" melodies that reminds me of the band Lumnos, even synthesizers create sounds similar to harps in one song and some kind of "Asian" melodies in other. The atmosphere varies so much, immensely, that this album seems to be some kind of metal "orchestra", since the melodies adapt so good between each other that is wonderful.

The band members are, **Luther Dickinson, Cody Dickinson, Jimbo Mathus, Charlie Musselwhite, Alvin Youngblood Hart and Jim Dickinson**

Release Date: September 4th, 2020

The New Moon Jelly Roll Freedom Rockers originated back in January 2008 when musician brothers **Luther & Cody Dickinson** sat down for a guitar jam with ex-Squirrel Nut Zippers leader **Jimbo Mathus** along with Blues Greats **Charlie Musselwhite, Alvin Youngblood Hart** and the late Memphis pianist, producer and all around musical stylist **Jim Dickinson** gathered for a self-described "hardcore blues" recording under the group name of the New Moon Jelly Roll Freedom Rockers.

For more than 12 years that recording's existence was mentioned only obscurely in interviews, and referenced as a great old-school recording by those few witnesses. It was done in one take off the floor over a couple of late nights, where they all sat in one big circle in the studio and played quietly amongst the microphones, taking turns singing out in the room and improvising on the spot. Despite the fact that Jim Dickinson finished production before his death in summer 2009, that album just hung out in the archives, waiting.

It is a testament to the great experience and talent of these esteemed performers that they could casually conjure a recording of this quality out of the ether this way. Sounding as if you are right there in the room with them with between-song banter and commentary, the classic structures of the Blues, being pulled together and teased apart by some of the most award-decorated members of the Blues Elite. This album crosses the generations of new Blues-Rockers and Classic Blues Statesmen.

The first 10 tracks will be available finally on September 4, 2020 on Stony Plain Records, with the next 11 songs coming in spring 2021 on volume 2.

Tracklisting Vol 1

The Dillards Old Road New Again

The Dillards release the first album in nearly 25 years

"Old Road New Again" is the newest offering from the legendary group, **The Dillards** who played Mayberry's "The Darlings" on The Andy Griffith Show. In his own words, "This recording is the bookend to "Wheatstraw Suite". The Dillards' reference, of course, is to the historically acclaimed Elektra Records release that countless Country Rock, Progressive Bluegrass, and Pop artists claim as their inspiration.

In this recording, The Dillard's and Grammy-winning engineer, Bil Vorndick gathered songs from every music genre that **The Dillards** have represented - Bluegrass, Country Rock, Americana, and Pop. The lyrics and the exemplary musicianship of The Dillards and friends form an extraordinary listening experience to touch the hearts of people of varied musical taste. The icing on this musical cake is the reunion of Dillard and legendary friends, Don Henley, Herb Pederson, Bernie Leadon, Ricky Skaggs, Sharon and Cheryl White, and Sam Bush. "Old Road New Again" is an American musical journey at it's best.

**The Apartments
In And Out Of The Light**

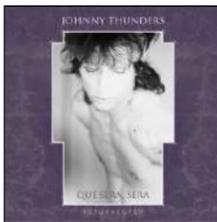

Based in Sydney, Peter Milton Walsh and his band, The Apartments, are acclaimed by critics and fans alike all over the world. Peter Milton Walsh formed The Apartments in Brisbane, 1978, and left Australia for New York a few years later, and relocated to England when The Apartments were signed by legendary English record label Rough Trade. But before leaving Australia, Walsh made his mark on the Brisbane scene. With a reputation that preceded him, Walsh was sought out by Robert Forster and Grant McLennan, members of one of Brisbane's most critically adored bands, The Go-Betweens. "In and Out of the Light", The Apartments' 7th studio album will once more appeal to existing fans and new ones as well. The exquisite instrumentation and beautiful harmonies and Peter Milton Walsh's impressionistic storytelling work together beautifully. Eight songs to get lost in--for a day, for a week, for a lifetime.

Timothy McCormack, a recipient of the Ernst von Siemens Music Foundation Composers' Prize (2018), writes haptic, viscous music which makes audible the tactile, physical relationship between a performer and their instrument. Sometimes ecstatic, sometimes hermetic, his music embeds pitch within dense walls of noise to create strangely affecting sonic ecologies which alter one's perception of time.

SWANS

WHERE DOES A BODY END?

THE SAVAGE AND TENDER EXTREMES OF THE BAND SWANS, TOLD WITH UNPRECEDENTED ACCESS TO ARCHIVE MATERIAL AND INTERVIEWS SPANNING THE PAST 35 YEARS.

WHERE DOES A BODY END? is an intimate portrait of SWANS. From their roots as a confrontational post-punk band that emerged in the early 80's-era NYC that also gave us Sonic Youth and Madonna, to their odds-defying current status as one of the world's most accomplished and ambitious bands, and one whose concerts are more like ecstatic rituals of sound than trips through the back-catalogue of their most popular songs.

Singer, songwriter and SWANS founder, Michael Gira's biography is inseparable from the story of the band and their music. With unfettered access to hundreds of hours of Gira/SWANS archive, the film is not only a musical history, but also a time-capsule, tour diary, concert film, and mostly the story of an uncompromisingly creative life—frequently difficult and spanning decades without a safety net.

“THERE REALLY IS NO OTHER FORCE OF MUSIC LIKE SWANS. SWANS STAND ALONE, INTEGRAL, DRENCHED IN PATHOS. A BAND TO END ALL BANDS.”

THURSTON MOORE, SONIC YOUTH

Freedom Road

An epic chronicle of the power of a dream and the triumph of human spirit

Muhammad Ali, in a rare acting role and in his TV-movie dramatic debut, plays Gideon Jackson, a former slave in 1870's Virginia who gets elected to the U.S. Senate in Washington D.C. and battles other former slaves and white sharecroppers to keep the land where they were enslaved. Though some of the names are changed, the story concerns the true-life efforts of senators Charles Sumner and Thaddeus Stevens to bring political order and racial equality to the post-Civil War South. The character upon whom Jackson is based was depicted as the villain of D.W. Griffith's 1915 Civil War epic 'Birth of a Nation'. Just as Griffith offered his own biased slant on the facts, so too did Fast rewrite history to promote his own political ideology.

SALES POINTS

- Based on the novel by Howard Fast
- Freedom Road represented the final film effort of Czech director Jan Kadar
- Was given a TV Guide cover story upon its release

Pizza, A Love Story

Pizza wasn't invented in New Haven. It was perfected there.

There are only three pizza places in the world that matter... Most everyone has a passion for pizza, but only New Haven lays claim to the Holy Trinity of pizza joints with Sally's, Pepe's, and Modern. They are not only a cornerstone of New Haven's Italian-American heritage but also the establishments that set the bar for this immediately recognizable comfort food. From the landing of Italian immigrants on our shores, to the rusted wheels of Frank Pepe's bread cart, to the black charcoal on your very own fingertips, take a journey from old world Italy into present day New Haven. As we say, pizza wasn't invented in New Haven, it was perfected there. Just wait 'til you get a taste.

Dahmer: Collector's Edition

JEFFREY DAHMER. ONE MAN. 17 BODIES. HIS STORY IS FINALLY TOLD.

A butcher. An animal. A monster. Jeffrey Lionel Dahmer (Academy Award® nominee* Jeremy Renner, "The Hurt Locker", Marvel's "The Avengers") was vilified when authorities discovered he murdered, dismembered, and even tried to consume the bodies of 17 young men in Milwaukee, Wisconsin. But is there such a thing as a human monster? Starting somewhere between popular legend and historical fact, Dahmer dares to explore the truth of a man many called an abomination of nature, but who was most decidedly a living, breathing person. Inspired by life events, it takes you into the demented world of this lonely factory worker and examines the ways in which his twisted personal pain led to the most self-destructive extremes of human cruelty.

SWANS

WHERE DOES A BODY END?

On DVD and Blu-ray!

THE DEFINITE FILM ABOUT THE BAND SWANS.

WHERE DOES A BODY END? is punishing and life affirming in equal measure. With all the beauty and relentless barbarism of any Swans show, this is as fine a document of a band you will ever see.
