MVD remembers legendary actor **James Caan**, R.I.P. to a true original. However, you can see him anytime, starring as the renegade athlete Jonathan E., who rails against the corporate overlords in 1975's **ROLLERBALL**. **ROLLERBALL** is a deadly sport for the advancement and amusement of Evil Corporate Empires, which have replaced countries in the futuristic world of 2018 (!) Available on Blu-ray with a new high-def scan and lots of extras, **ROLLERBALL** immortalizes one of the great actors of our time in his Rollerball role.

From Caan to Can, as in the horror Blu-ray **TIN CAN**, timely with its pandemic theme. The World's hope is a scientist locked inside a metal chamber. Hope she's wearing a mask! **A FUGITIVE FROM THE PAST**, heralded as one of the top Japanese films of the 20th Century, gets the **Arrow Video** deluxe Blu-ray treatment. This 1965 film is the jewel in Japanese director **Tomu Uchida's** crown.

**THE BAT** spreads its Blu-ray and DVD wings again with a reissue of the 1959 **Vincent Price/Agnes Morehead** bewitching thriller. Features bonus commentary from Professor and Film Scholar Jason A. Ney. For you deep thinkers, behold the DVD **MANSON AND DRACULA: CLOSER THAN WE THINK**, drawing parallels between the evil twins-if ever you choose to think about that.

MVD releases the CD of the Ken Burns soundtrack to **THE U.S. AND THE HOLOCAUST** film, featuring music from Grammy-award winning musician **Johnny Gandelsman**. Witness also the DVD and Blu-ray release from guitar maestro **Randy Rhoads** in **REFLECTIONS OF A GUITAR ICON**, a documentary narrated by **Tracii Guns** of **L.A. GUNS**, celebrating the short life of this acclaimed axeman.

Metropolis Records blasts forth with a new CD from **KMFDM**, **HYENA**. These techno-meisters were the first to introduce industrial grunge to mainstream audiences.

Cleopatra Records Empire expands with heritage releases from music royalty. **MICKEY GILLEY-URBAN COWBOY LIVE** is a CD/DVD featuring all of his biggest songs. Also a cousin to **Jerry Lee Lewis**. As sister to the same **Jerry Lee Lewis**, **LINDA GAIL LEWIS** justifies her three names in the raucous live CD/DVD **FAMILY JEWELS**. Kick out that piano bench and bask in the Killer's Klan! See what else you can find in this issue and let's get Rolling!

Abrams ups the ante with the moody, heavy, psychedelic rock venture of their forthcoming LP, 'In the Dark.'

A band dedicated to compelling songwriting, and energetic live performances, Abrams ups the ante with the moody, heavy, psychedelic rock venture of their forthcoming LP, 'In the Dark.' Eddie Harris Quartet - Live At Fabrik Hamburg 1988 (Gatefold/180Gr.)

Located somewhere between Jazz, Funk and Soul, McCann and Eddie Harris actually created something like a new style. The hit became the anthem of the civil rights movement. **Ferum - Asunder / Erode** Vinyl

Ferum is a death doom metal band born in Italy, but now scattered over two countries. Asunder / Erode, the band's debut album, is an obsessive and monolithic record. Slow, funereal riffs are tied to faster, sharper parts, while harmonized melodies and solos paint a cavernous atmosphere. The drums wisely marches, moving from the background into the spotlight, always followed by the bass guitar.

OvO's new album Ignoto, two tracks both lasting over twenty minutes of doom and sludge mixed with synthesizers and intense vocalizations.

Still/Form are a new Portland trio who play heavy and weird, sludgy noise rock on their debut "From the The Rot Is a Gift"

Still/Form are a new Portland trio with a sludgy heft, who plod and trudge through a gauntlet of experimental sounds, driving bass, and sharp attack on their debut LP. Raspy vocals provide an unsettling disposition against the music that can't simply be categorized as 'metal', or 'noise rock', but certainly can be filed into much broader and less definable terms, such as 'weird' and 'heavy'.

O.U.R.S.' It's an acronym for Ornette Under the Repetitive Skies. This quartet is made of revivals. The original salvos of Radiation 10, the exploring that took place within COAX, the first shocks of the daring harmonic intervals of Ornette Coleman, the micro-cellular obstinacy of the American minimalists. And Baroque too, and popular dances for a few bars here and there.

Almost 20 years later, in 1988, at the concert of the Eddie Harris Quartet at the "Fabrik", a fair amount can be felt of the fire that once "set the Casino on Lake Geneva ablaze".

Ferum is a death doom metal band born in Italy, but now scattered over two countries. Asunder / Erode, the band's debut album, is an obsessive and monolithic record. Slow, funeral riffs are tied to faster, sharper parts, while harmonized melodies and solos paint a cavernous atmosphere. **Hayden Wayne - Symphony #8-1421** CD

The musical rendering of five Mongol Muslim eunuchs admirals, under the Ming Emperor Zhu Di: Zheng He, Yang Qing, Hong Boa, Zhou Man, Zhou Wen in 1421

So inspired by the story of these five Mongol Muslim eunuchs: Zheng He, Yang Qing, Hong Boa, Zhou Man, Zhou Wen, who were the admirals under Ming Emperor Zhu Di, I was inspired to compose this work. Each movement is a rendering of each spirit channeled through me, culminating with their leaving one by one. They circumnavigated the globe, before the Europeans, and their rightful place in time.

**Matthieu Donarier & Eve Risser - Bestiaire #01 | Explorations** CD

Explorations, and that of grander project Bestiaire, combines three solutions in one single gesture: story-telling, prospecting, and reconstitution

... corrosion is the fate of everything that humans embark on an encounter with. The game of surpassing the natural order should, then, remain a vain wish. Unless, perhaps, we saddle it with a supplementary rule. Let's call it story-telling, prospecting, or reconstitution. The music of Explorations, and that of the grander project Bestiaire, combines these three solutions in one single gesture.

LILLIAN AXE

FROM WOMB TO TOMB

**Lillian Axe - From Womb To Tomb**

Lillian Axe release their long awaited 10th studio album "From Womb To Tomb" on Global Rock Records.

Lillian Axe release their long awaited 10th studio album "From Womb To Tomb" on Global Rock Records. Louisiana Music Hall Of Fame inductees Lillian Axe have been releasing top quality hard rock albums since bursting onto the scene back in 1988 with their acclaimed debut album on MCA Records. 2022 sees the band back in top form, with a recent celebrated anthology release "Psalms For Eternity", high profile live festival dates Stateside, along with an upcoming UK headlining tour, Lillian Axe are in for one of their biggest years in some time. The new album is sure to please long-time fans and impress many newcomers with it's superb songcraft and first rate musicianship. The band has an ongoing rabid cult fanbase worldwide.

Guitarist and songwriter Steve Blaze adds the following: "I believe the basic idea behind the creation of "From Womb to Tomb" has been in my head for many years. The time just needed to be right to express it. This album is a different type of concept record, whereas it does not contain a story-based theme. Rather, it is a timeline from the birth of a child to the ascension of the soul, with each song emphasizing a specific time of one's life and the lessons learned therein. These observations are based on my life and the witnessing of the growth and development of the human condition through my eyes. The wonderful part is that these life experiences seem to exist in each and every one of us, even though the paths and events may greatly differ. This is the most emotional and powerful music I have ever written, and by the reactions of the few people close to me who I have played it for, it will hit a deep and resounding chord with all those who hear it. I ask one thing: listen from the start to finish in solitude, with no distractions, as if you are reading a book or watching a movie. It is not a collection of 16 individual, nonrelated pieces. The band performed with beautiful power and grace, and I feel it is our best achievement to date."

However, Indian cinema made its presence felt long before the huge success of Bollywood. Several titles in "Nostalgic Bollywood" refer to devotional songs and to the ancestral heritage of the Indian theatrical tradition,

### Oolong - About Your Imaginary Friend CD

Went Viral with the feature in the 5 waves of Emo TikTok

About Your Imaginary Friend came out back in February but it's stayed in pretty regular rotation for me all year and I can't think of many other 2020 releases that have. That said, there's not much that separates Oolong from the pack in terms of style. ### Otooto - Dosage CD

Funk, ambient electronic music, shoegaze, and r'n'b are skillfully combined with their jazz sensibilities to create something which bubbles & sparkle

Following on from their 2021 album 'This Love Is For You', 'Dosage' sits somewhere between the nostalgic and the modern. Lush synth layers, the warble of tape machines, dance-music influenced grooves, and soaring horn melodies over a landscape of rich gospel-tinged harmony are reminiscent of Virginian hip-hop/jazz group Butcher Brown with a European twist.

### OvO - Ignoto CD

OvO's new album Ignoto, two tracks both lasting over twenty minutes of doom and sludge mixed with synthesizers and intense vocalizations.

Following "Miasma" (February 2020) and the chaos afterwards OvO felt the need of an album that would be different from the others. "Ignoto" contains two tracks both lasting over twenty minutes. In this sense the album could be described as doom or sludge but with OvO nothing is ever that simple. There is poetry behind their savagery. There is love behind their nihilism.

## Oolong - About Your Imaginary Friend

Went Viral with the feature in the 5 waves of Emo TikTok

About Your Imaginary Friend came out back in February but it's stayed in pretty regular rotation for me all year and I can't think of many other 2020 releases that have. That said, there's not much that separates Oolong from the pack in terms of style. About Your Imaginary Friend borrows heavily from many of the Cap'N Jazz worship acts that kicked off the emo revival a decade or so ago. Admittedly, Oolong doesn't have much to offer that you couldn't get from an Algernon Cadwallader or a Street Smart Cyclist song. It's an established sound, but Oolong knocks it out of the park. Had this record come out during the genesis of fourth-wave emo, I have no doubt that it would be regarded as a classic of the era. About Your Imaginary Friend encapsulated me from the get-go with tracks one through three. The opening title track is an acoustically driven ballad with some beautiful glockenspiel embellishments. It's brief -- just under two minutes -- but it does a great job of setting the scene and building up towards the end into the immediate burst of energy that kicks off "Welcome to Destiny Island". "Welcome to Destiny Island" serves as a contrasting companion piece to "About Your Imaginary Friend"'s composure and serenity, as it drifts from between loose waltzes and vigorous performances that feel one blow from falling apart at any given second. Track three, "Roxies and Cigarettes," carries that energy over with its catchy as all hell opening guitar line and an accompanying drum part that perfectly compliments its jagged simplicity. The rest of the song is a rollercoaster with countless twists and turns into new grooves and tapestries of sound.

### Tim Fitzgerald - Tim Fitzgerald's Full House CD

A gorgeously conceived program of precise selections culled from the Wes Montgomery archives & thoughtfully rearranged.

Fitzgerald's genuine love of Wes shines through, but it's not a devotee's slavish re-enactment. Each track crackles and flows with uncorked imagination. It's gorgeously conceived, a program of precise selections culled from the Montgomery archives and thoughtfully rearranged. The record elucidates the way his music could be ultra-hip, modern and deep-in-the-soul down home at the same time.

## Alex Acuña - Gifts

Former Weather Report Drummer Alex Acuña, his first album as a leader in 17 years. Runs a stylistic gamut from funk to fusion Brazilian flavored jazz.

The incredible journey of Alex Acuña has seen the renowned drummer-percussionist travel from his small rural hometown in Peru to being a first-call session drummer in the country's capital city, Lima, then touring the United States with mambo king Pérez Prado, gigging in Las Vegas with Elvis Presley and ultimately touring internationally with Weather Report, the premiere fusion band of the mid-1970s. An in-demand Los Angeles session musician for decades, he has appeared on nearly 900 studio records and movie soundtracks while also releasing half a dozen albums under his own name.

His latest as a leader, the dynamic Gifts, reunites him with his musical cohorts from The Unknowns -- Venezuelan keyboardist Otmario Ruiz, Peruvian guitarist Ramón Stagnaro and New York City-born, Puerto-Rican-bred bassist John Peña -- that band that Acuña's led on 1990's Thinking of You and 2005's No Accent. Joined by Peruvian tenor sax powerhouse Lorenzo Ferrero, this gifted and versatile crew runs the stylistic gamut from funk to fusion, soul-jazz, ambient, Latin and Brazilian flavored jazz on Gifts. "These guys can play more than one style," Acuña said. "And I like to play with musicians that I don't have to tell them what to play. It's fun to play with them. They understand my musical lingo."

Regarding the album title, Acuña said: "I call it Gifts because, first of all, God gave me the gift of music. And then each tune was a gift from some composer friend of mine." To be blessed with such immense talent was truly a gift. And now Acuña is passing on that gift to his many listeners with this heartfelt offering.

# A TRUE CLASSIC FROM THE PRE-CODE HOLLYWOOD ERA

BASED ON THE STORY BY W. SOMERSET MAUGHAM  
AND DIRECTED BY LEWIS MILESTONE  
(ALL QUIET ON THE WESTERN FRONT - MUTINY ON THE BOUNTY)

"I was utterly captivated by Crawford's Sadie Thomson."  
-The Film Dispath

VCI is pleased to present RAIN, celebrating it's 90th Anniversary in a stunning new 4K restoration, produced from the original, uncut 94-minute version. It is a most important film in the history of the cinema, and one of the greatest films the 'Thirties' produced. The consummate dramatic and artistic achievement of both Miss Crawford and Walter Huston will give the picture life for many decades to come.

A flop in 1932, Rain has since recovered its artistic reputation, particularly for Crawford's then-shocking "realism" as Sadie.  
- Lucia Bozzola, All Movie Guide

- Special FEATURES: 2-Commentaries by noted film historians and experts on pre-code Hollywood
- Bonus copy of the 1938 cut re-issue version •

## The Acid King [Collector's Edition] Blu-ray Disc

The true story of Ricky Kasso and the crime that launched the nation's "Satanic Panic" during the summer of 1984.

Dan Jones and Jesse P. Pollack dig beneath the lurid books and media coverage to tell the definitive true story of Ricky Kasso, an American teenager who murdered his friend, Gary Lauwers, in an alleged "Satanic sacrifice" during the summer of 1984 in Long Island New York. The media treatment of this crime helped birth the brief but dangerous 'satanic panic' of mass hysteria in the 1980s and 90s.

## Rollerball (1975)

In a world where ruthless corporations reign supreme, Rollerball is the only outlet for the pent-up anger and frustrations of the masses.

The year is 2018. There are no wars. There is no crime. There is only....the Game. In a world where ruthless corporations reign supreme, this vicious and barbaric "sport" is the only outlet for the pent-up anger and frustrations of the masses. Tuned to their televisions, the people watch "Rollerball": a brutal mutation of football, motocross and hockey. Jonathan E. (James Caan; The Killer Elite, The Godfather, Misery, Freebie and the Bean) is the champion player - a man too talented for his own good. The Corporation has taken away the woman Jonathan loves, but they can't take away his soul - even if the diabolical corporate head (John Houseman; Three Days of the Condor, The Paper Chase, The Fog) tells him he better retire.... or suffer the old-fashioned way. Also starring John Beck (Audrey Rose, The Other Side of Midnight), Maud Adams (Killer Force, Octopussy, Tattoo), Moses Gunn (Ragtime, Shaft), Shane Rimmer (The People that Time Forgot, The Human Factor), and directed by Norman Jewison (The Thomas Crown Affair, In the Heat of the Night, Jesus Christ Superstar). With its surrealistic imagery and tense action sequences, Rollerball grips you by the heart - and never lets you go. Now watch this cult classic from a 4K scan!

### PRESS

"Jewison's extreme-sports future shock bundles together a paranoid political thriller, a McLuhan-drunk media satire, ultraviolent exploitation, reverent respect for faddish athletic pursuits and enough zoom shots to make Robert Altman blush."

—Eric Hynes, *Rolling Stone*

"The signs are still there, and if anything, they're more pronounced than they were in 1975. Rollerball is first and foremost, a good movie. It has strong characters, a good plot, and lots of action. It is also a social commentary."

—Rick Sanchez, *IGN Movies*

But when one high-powered hitman betrays another, the intrigue, the violence and the thrills become more than just a dangerous game of who-kills-whom first. It becomes a very personal war! ## Massacre At Central High

When new student David arrives at Central High, he discovers bullies who rule the school with intimidation and violence.

When new student David (Derrel Maury) arrives at Central High, he discovers that it is lorded over by a gang of bullies who rule the school through intimidation and violence. David's friend Mark (Andrew Stevens, THE FURY) encourages him to join this dominant clique, but instead David stands up for their victims, and the gang cripples him in retaliation. Soon David begins taking steps to end their reign of terror permanently, setting in motion an explosive cycle of killing that may not end until no one is left to graduate!

Co-starring Robert Carradine (REVENGE OF THE NERDS), Kimberly Beck (FRIDAY THE 13TH: THE FINAL CHAPTER), and Rainbeaux Smith (LEMORA: A CHILD'S TALE OF THE SUPERNATURAL), MASSACRE AT CENTRAL HIGH is the startling American debut of Dutch writer/director Renee Daalder. While packing in all the sex and violence that drive-in audiences demanded, Daalder also delivers a potent allegory about fascism and power structures in a high-school world where adults are absent. A cult and critical favorite since its 1976 release (and an evident influence on the classic HEATHERS), MASSACRE AT CENTRAL HIGH now available in this director approved restoration from Synapse Films.
