## LILI AND THE BAOBAB

French photographer Lili takes a gig in the remote Senagalese village of Angam, where she forges an unlikely bond with local woman Aminata . When Lili returns to France, however, she can't quite leave Senegal behind. Soon a crisis in Angam causes Lili to weigh the consequences of going back to Africa. This quiet, probing drama screened at the San Francisco Film Festival...IF YOU'RE A FAN OF FRENCH MOVIES THEN THIS WILL MAKE A GOOD RENTAL TITLE. I DID FIND IT A LITTLE SLOW BUT THE WRITING AND ACTING ARE OKAY...Extra Features...Color; interactive menus; scene access; making-of featurette.
