

Greg Lake: *Live*

Greg Lake, of Emerson Lake & Palmer fame, playing the tracks he is best known for including "Fanfare for a Common Man", "In the Court of the Crimson King" and "21st Century Schizoid Man". Excellent pomp rock played amazingly well in the live setting. The record is rather good and there is no excess of on-stage chatter, nor crowd noise. If you like Greg Lake then this might be just the thing for you. For everyone else it's a rather good ten track introduction to a very talented man. Most enjoyable one has to say.
