Rat Skates - Born in the Basement DVD

Picked this up over the weekend, and wow!
Really takes me back.

Even if you're not a fan of the band, there's so much history included to set the context of those early years I'd recommend it to anyone interested in metal history. Mandatory viewing for any metalhead under 35, or doesn't know who Rat is.

I give it 4 out of 5 stars - only because there's no extended live footage from the archives. It should have been a 2 disc set.
