The Story of the Yardbirds (MVD) is a 60-minute look of the influential rave-up outfit's history; classic rock diehards should note that live footage of all three of the Yardbirds' guitarists – Eric Clapton, Jeff Beck and Jimmy Page – is featured, including Clapton doing "I Wish You Would" in '64 and Pagey on German TV circa 1967. Interviews with surviving members, who continue to operate as the Yardbirds today, is also included.
