

MON MAY 11

Big Bad Bobblehead of the Day: Limited edition GG Allin "Throbblehead" from [Aggronautix](#).

This is pretty much as wrong as it gets, but, in the spirit of GG, here are a few ways it could be wronger:

- Placing it on your desk at work. (Difficulty: You work at a pre-school.)
- Giving it to your mother-in-law. (Difficulty: On her deathbed.)
- Telling everyone in your neighborhood this Throbblehead is your new god. (Difficulty: You live in Celebration, FL.)

I had no idea who this person is. Then I looked him up on Wikipedia. And I still don't really know. But I would say...putting it on your bedside table surrounded by flowers and lit candles, then inviting girls over.
