GG Allin Throbblehead

May 11, 2009

[action figures](#), [plastic](#), [resin](#)

probably the first and last Bobblehead you'll ever see on ToyCyte. A company called [Aggronautix](#) went and made, of all the anti-bobble things, a [GG Allin](#) blehead. And if DKE is game to distribute it with the rest of the lot of "art toys" (and Dov himself assimilated one into his personal collection), I'm down to write it.

This ghoulish effigy is a striking representation of GG ALLIN circa 1991. The figure, limited to 2000 numbered units, stands at 7 inches tall and is made of a lightweight polyresin. Displayed in a tri-windowed box, here GG is accurately sculpted right down to the tattoos, blood, and filth.

ness is pretty dead-on, wouldn't you say? You can only hope that GG (born Jesus Christ Allin) would appreciate the transgressive irony of being made into a [pop](#) desktop ornament. Aggronautix also made a Tesco Vee of the Meatmen Throbblehead. They should soon be available for about twenty bucks wherever you buy your

ote to Aggronautix if you're reading: Make a [Genesis P-Orridge](#) Throbblehead!

Throbbing Gristle rules! [GG Allin](#) not so much, unless you're into bad music and scat I guess.

I like G.G. and Genesis. You Throbbing Gristle people, any other kind of music is cheese and crackers to you.

I love punk [rock music](#) in general, I was just commenting on his Throbbing Gristle reference. There's jst so much better stuff out there than GG Allin, more substance less image like: the Germs, Minor Threat, Adolescents, [Bad Brains](#), Dead Boys, Negative Approach, Dead Kennedys, [Black Flag](#), Mission of Burma, Gang of Four, my god a million bands better than GG Allin not to mention he spewed racism and hate, just an overall sack of shit if you ask me, and yes I did see him live in the early 90's and he sucked in his prime too.

Alright, well I guess I spoke too soon - you're not punk illiterate. You may accordingly shove my foot in my mouth. And by no means am I sympathetic with GG on a lot of his penchants, but it would seem that for a bobblehead, such a cartoonish character would be appropriate. I really can't envision a Darby Crash bobblehead. That would just be sacrilige.

GG was indeed a sack of shit and lived to offend, but that's why seeing him in such a commercialized and innocuous form is amusing. Same would be true with Genesis (who also did some freestyle scatting on stage, and I'm not talking Bing Crosby.)

I love that we can talk about Genesis P-Orridge and Darby Crash on a toy site.

We're on a toy site? I nearly forgot. 😊
