**WENDY O. WILLIAMS Limited-Edition Throblehead Figure Available - Apr. 26, 2010**

**Aggronautix** has released their very first female throblehead, **Wendy O. Williams** "1982", in the limited capacity of 2,000 numbered units.

The figure captures **Wendy's** incredible 1982 look, stands at seven inches tall, and is made of a lightweight polyresin. Displayed in a tri-windowed box, here she is accurately sculpted right down to the platinum blonde mohawk, spiked arm bands, and tattered threads.

The throblehead figure will be distributed by **MVD Entertainment Group** — a company specializing in music-related distribution since 1986 — and **DKE Toys**, a wholesale distributor of urban / vinyl / designer art / objects / toys / figurines.

**Wendy** is the sixth punk personality to be polyresinated by **Aggronautix**. In May of 2009, the company launched with a highly popular **GG Allin** "1991" figure, which was limited to 2000 numbered units. That figure has since sold out.

All **Aggronautix** figures are now available for purchase on [www.aggronautix.com](http://www.aggronautix.com) and will also be available at many independent retailers, comic shops and tattoo parlors.

Her heart I am referring to. Miss her badly.

I recall back in the early 80's, the day or two after she "roughed up" that photographer on the Chicago lakefront - the Plasmatics were set to play the Pointe East which was near Dyer, In. - actually I think that is Lynwood, Il. Everybody was wondering - will she show? Will they arrest her?

They came on very late and by that time I was totally assholed. Miss her badly

I never got into W.O.W.'s sounds, but her image was a cool shtick for the 1980s. Her cover of Motorhead's classic cut was cool, and she sounded spoton singing with Lemmy on stand by your man...She was abit of the Yoke Ono of Motorhead, as Fast Eddy called it a day

after Lemmy cut that cover single with W.O.W. in 1982. The '80s classic Motorhead verion of the power trio was dead,thanks W.O.W. Still a pity that she blew her brains out in her back yard at age 48, as she felt she was becoming to old to live. At least,that is the story I read. She was atalent and a great loss to the underground music community at large. She stil llives on in her rare porno apperance at te Dong Show, shooting ping pong balls out of her vagina hole!! True story, I have it on video tape from decades ago, wild...now go by the booble head you booble heads.

i saw her here in Houston in the early 80's open up for KISS of all bands????!!!! It was for the creatures of the night tour...looking back, that was some crazy shit. She threw a TV into the crowd!!! I'll never forget that. She was nuts but waaaaayyyy ahead of her time.

Brings back great memories! I also saw the Plasmatics open for Kiss in '82 (with Vinnie Vincent on Creatures tour) in Indianapolis at Market Square Arena. The Plasmatics kicked ass, touring behind Coup D'Etat, which aside from the rather shitty production, is a great slab of in your face metal.
