Well, this is the next best thing, I guess:

Wendy O. Williams "1982" look is now captured in a limited edition "throbbhead" figure (above).

The collectibles company Aggronautix is releasing their very first female throbbhead, Wendy O. Williams "1982", in the limited capacity of 2000 numbered units.

The figure captures Wendy's incredible 1982 look, stands at 7 inches tall, and is made of a lightweight polyresin. Displayed in a tri-windowed box, here she is accurately sculpted right down to the platinum blonde mohawk, spiked arm bands, and tattered threads.

The throbbhead figure will be distributed by MVD Entertainment Group – a company specializing in music-  
 ed distribution since 1986 – and DKE Toys – a wholesale distributor of urban / vinyl / designer art / objects /  
 / figurines.

 dy is the sixth punk personality to be polyresinated by Aggronautix. In May of 2009, the company launched a highly popular GG Allin "1991" figure, which was limited to 2000 numbered units. That figure has since  
 out... or you could say, in words suiting GG, it "expired."

All Aggronautix figures are now available for purchase on [www.aggronautix.com](http://www.aggronautix.com) or [www.seeofsound.com](http://www.seeofsound.com) and will also be available at many independent retailers, comic shops, tattoo parlors, and Walmart (just kidding).
