Wendy O. Williams

PlugInMusic.com is giving away to one lucky fan a Wendy O. Williams 1982 Throblehead and an Aggronautix t-shirt. Enter now for your chance to win!

Aggronautix is releasing their very first female throblehead, Wendy O. Williams "1982", in the limited capacity of 2000 numbered units. The figure captures Wendy's incredible 1982 look, stands at 7 inches tall, and is made of a lightweight polyresin. Displayed in a tri-windowed box, here she is accurately sculpted right down to the platinum blonde mohawk, spiked arm bands, and tattered threads.

The throblehead figure will be distributed by MVD Entertainment Group - a company specializing in music-related distribution since 1986 - and DKE Toys - a wholesale distributor of urban/vinyl/designer art/objects/toys/figurines.

Williams is the sixth punk personality to be polyresinated by Aggronautix. In May of 2009, the company launched with a highly popular GG Allin "1991" figure, which was limited to 2000 numbered units. That figure has since sold out.

All Aggronautix figures are now available for purchase on www.aggronautix.com or www.seeofsound.com and will also be available at many independent retailers, comic shops, and tattoo parlors.
