---

Keith Morris of Black Flag, Circle Jerks and (most recently) OFF!, has been immortalized in a new throbblehead figure. This figure capturing Keith in full-on live mode is limited to 1000 numbered units, stands at 7 inches tall, and is made of a "super strong" polyresin.

Previous iconic musicians organized in the series include GG Allin, Milo Aukerman, Joe "Shithead" Keithley, The Dwarves and Tesco V.
