

Roky Erickson Immortalized as Bobblehead—Win One!

Angela Zimmerman published on May 13, 2011

Like 21 2

Roky Erickson in bobblehead form (or, throbblehead, as they call it over there at [Aggronautix](#)) is a grand idea. You can now enjoy your own personal piece of the 13th Floor Elevators on your dashboard, shelf, bedside, or desk, and be comforted by the bobbling likeness of the iconic guitar hero, right in front of you, just where you want him.

The particular incarnation of Roky that you see in the photo to the left there was modeled after his 1980s persona (known fondly as "The Evil One"). These seven-inch polyresin dolls were limited to 1,000 units, so don't wait too long to order one for yourself, or the psychedelic-rock head in your life (and we all have one of those), [here at Aggronautix](#). And for those feeling lucky, we also have two dolls to give away. Simply enter your name and email address where prompted in the space below with the words "I love Roky" in the comments field. We'll arbitrarily select two winners in about a week, contact them by email, and have the doll sent right to their front door. So have at it.

In the meantime, watch the real-life Erickson's reaction upon being bestowed with his bobblehead, as well as some rockin' close-ups of the doll at hand, in the video below.

close-ups of the doll at hand, in the video below.

ARTIST: **Booker T. Jones**
ALBUM: *The Road From Memphis*

It's impossible to overstate the sheer reach of soul alchemist Booker T. Jones' influence on American popular music. And if you have any doubts about this lofty appraisal, go talk to Isaac Hayes. Or Willie Nelson. Or even grunge-king Neil Young, who draped his filthy stamp across nine tracks of Booker T.'s 2009 Drive-By Truckers-backed disc, *Potato Hole*, the long-awaited solo album that...
