Nerd culture collides again for Aggronautix's [new bobblehead](#), facsimile of J. Mascis. There is [some precedent](#) for this. But they're thinking *big* this time.

J is accurately sculpted right down to the big ole glasses, rockin' riff grip, and signature silver mane that features **REAL DOLL HAIR** — a first for Aggronautix!

Barriers are being broken here, people. I would still rather [have any of these](#), honestly (#16 is the best).

That bobblehead probably has more energy than J Mascis does during interviews. ZING!
