# Fucked Up's Damian Abraham Gets His Own "Throbblehead"

NEWS | OCT 24 2012

By Josiah Hughes

Though he hasn't played with his feces on stage (yet), Fucked Up frontman Damian Abraham has a lot in common with fallen punk hero GG Allin. Both have a penchant for shredding their vocal chords and bleeding in front of the audience, and now both have their very own bobblehead action figures.

Aggronautix, the company who released an Allin "Throbblehead" in 2009, have finally given Toronto's president of punk his own toy. The mould of Abraham is shirtless (obviously) and sports his signature bloody forehead, beard, chest tattoo and love of colourful sneakers.

In a statement, Abraham said, "To know that I will now be able to stand myself shoulder to shoulder (on a toy shelf) with my heroes like Jeff Clayton, Keith Morris and J Mascis has made all the nights away from my family and stitches in my head worth it."

To order your very own Damian Abraham Throbblehead, go here.
