Fucked Up's Damian Abraham is among the latest stars added to Aggronautix's list of polyresin figures, the manufacturer has announced.

There will be a limited run of 500 figures of the Toronto-based frontman, made to coincide with Fun Fun Fun fest.

He follows fellow musicians J. Mascis, The Descendents' Milo, and Andrew WK among others.

A quote from Abraham reads: "To know that I will now be able to stand myself shoulder to shoulder (on a toy shelf) with my heroes like Jeff Clayton, Keith Morris and J Mascis has made all the nights away from my family and stitches in my head worth it".

Pre-orders are on sale now.
