#### Andrew W.K. Throttlehead

Posted by: Keagan Ilvonen (06/24/10)

It's crazy that this hasn't been made before, but this is definitely a first in party memorabilia. Check out **Andrew W.K.**'s new throttlehead. For only \$20 bucks you can bring the party with you no matter where you go. Get them quick because there is only 1000 of these bad boys made.

 He still uses the Get Wet era image, but sadly I don't think he'll ever make a nother Get Wet era sounding song...such a disappointment.

 It looks like a freeze frame of the expression on his face after he went down on a girl and discovered she was on her period.

Incredible. Just when I was about to comment and ask "who has \$20 to blow on a bloody Andrew W.K. doll," the first post answers my question haha..

Assuming you're serious, I imagine it's because of this album cover.
