This just in: The folks at [Drastic Plastic](#)

<http://www.drasticplasticrecords.com/collections/accessories/products/debbie-harry-bobble-head-pre-order-only>/[Aggronautix](http://aggronautix.com/products.cfm?productid=80) (<http://aggronautix.com/products.cfm?productid=80>) are now taking pre-orders for a limited-edition **Debbie Harry** bobblehead. In my dream world, I'd blow her a kiss and she'd spring to life.

The toys go for \$24.95 each stand seven inches tall. As you can see here, they present the singer in her classic look from the *Parallel Lines* era.

Debbie marks Drastic Plastic's fourth pop-culture bobblehead. (I previously wrote about the [Iggy Pop one](#) (<http://content.usatoday.com/communities/popcandy/post/2012/08/toy-alert-iggy-pop-wants-to-rock-your-desk/1>.) Future 'heads include **Jimi Hendrix** and **Marc Bolan** from **T. Rex**. Nice!

Order now, and your bobblin' Blondie will ship in August.
