GREEN DAY (HYPERION)

Entry Deadline: December 13, 2006

After years of failing to duplicate its album *Dookie's* success, punk-rocking Green Day seemed dead in the water. An undercurrent of critical disdain had always held that the band purveyed punk lite and was an aggregation of poseurs compared to legendary punk outfits the Clash and the Ramones. Then the group's eighth album, *American Idiot*, hit the top of the charts in 2004 and stayed there, catapulting Green Day back into public attention
