– July 19, 2013 **Posted in:** [Reviews](#)

Musical artist JJ Grey finally releases his first ever live concert DVD. Fans can clamor over Grey’s deft onstage performances and glory in new versions of songs they’ve come to love. But BRIGHTER DAYS is a rockumentary, but more than merely a concert film. Truly, BRIGHTER DAYS brings together all the key components of a good music doc. We aren’t limited to the thrills of seeing Grey live and on stage, kicking out tunes like only he does. The stage fun is intercut with a variety of other types of documentary footage. We are given a pretty introduction to one of Grey’s big inspirations – his home in northern Floriday. To boot, the viewer gets an escort right into the studio, to see the music from behind the scenes. In addition, insight into Grey and his musical cohorts is delivered via interviews with band members and others. It’s the total package for JJ Grey fans.
