*Per Aspera* produced in 2003 by **Noctiferia** is a classic death metal CD. I was initiated a few years ago by my sons, who were listening to **Napalm Death** blast beats, **Holy Pedophily** insinuations, **Cannibal Corpse**, **Pestilence**, **Suffocation**, the local **Cryptopsy** and all the other "sweet" decomposition groups. For myself, I find more interesting **Sepultura** (*Arise*, *Chaos AD*, *Roots*) or **Cynic**. I also live in a town reputed to be a haven for death metal groups. Nevertheless, I must confess, it's not my cup of tea. However, this CD is solid metal music that did not offend my progressive ears, even if I prefer symphonic and prog metal. Their music is sufficiently melodic to be, almost, enjoyable.

If you like grunts and growls (Cookie Monster vocals;), power drums and solid guitars, this CD is for you. If you think that they needed an exorcism, vroom away from them.
