Kult ov Azazel - Destroying The Sacred-CD (Arctic Music)

US Black metal force from florida is out with there newest assault of the Christian nations of the world once again on Arctic Music Group. With Two verision of the artwork as one as we can see if a bit to extreme for the mainstream masses lol. Kult ov Azazel is a epic Black metal band that never really changes there vision or path. They make over the top grim and brutal Black Death with a bit of melodic overtones to make the cold and dark sounds all the more interesting. This is not ever going to win over the popular culture and music and art like this should never do such. This is for the underground to embrace and keep to themselves. The vocals are just hate spewed and the pace of the music never really slows down . Kult ov Azazel are just a breed of those that the Corpse Paint is an essential part of the overall mode of the band. If your fan of bands like Immortal, Satyricon, Khold even Krieg and earlier Absu you will not want to miss out on the brutality that " Destroying the Sacred" will present you with...
