STRUGGLE WITHIN - ANGEL'S FACE

(10 track CD) ARCTIC MUSIC GROUP

Straight from the heart of Texas comes the debut release from STRUGGLE WITHIN. These guys unleash a unique style of Metal by blending together their Progressive Metalcore with some Southern Metal vibes. The music has a very thick grooving style to it. They go from a more melodic grooved based sound into a fast Speed Metal shredding style. The music definately has a good flow to it & really pulls you in. The vocals are also done in a mid ranged clean melodic Metal style with some throaty Metal screams backing them at times. If your a fan of GODSMACK, DISTURBED & PAPA ROACH, then you'll dig these guys!!!
