JACKSON UNITED - HARMONY AND DISSIDENCE

September 3, 2008 · [Print This Article](#)

Former [No Use For a Name](#) and current [Foo Fighters](#) guitarist Chris Shiflett, is finally releasing the album from his side project called [Jackson United](#) with his brother Scott Shiflett(Face To Face), Doug Sangalang(Screw 32 and Limp) and Joe Kid. The album includes guest performances from the rest of the Foo Fighter guys and came out yesterday on Acetate Records. I am waiting for a review copy from my friends at MVD and will let you know what I think of it after I hear the whole thing. The single sounds better than the latest Foo Fighters.
