Jackson United

"Harmony and Dissidence"(AcetateRecords/MVD Audio)

Up-volume punk anthems that grab, laced with politically conscious agitprop. Charged with the insistent exuberance of purpose. Yes, Clash imprints lurk. So do others. Promo lit reaches back to Stiff Little Fingers, but a fresher compatible is Australia's Living End. Foo Fighter Chris Shifflet is abetted by steady mates Scott Shifflet (Face To Face) and Doug Sangalang, with cameos by Foo Fighters Dave Grohl and Taylor Hawkins. (New drummer Mighty Mighty Bosstones expatriate Joe Kid joined subsequent to recording.) Tour with Flogging Molly looms.

Recommended Tracks "21st Century Fight Song," "The Land Without Law"
