Well...here it is. Finally! Warrior Soul's "Chinese Democracy/...And We Rock N' Roll!" has been given an official release under a 3rd & final title, "Destroy the War Machine."

It was released in July of '09 on Acetate Records, A Santa Monica, CA-based label that has put-out records by the likes of Rhino Bucket, The Hangmen & The Chelsea Smiles. It is virtually the exact same cd as the aforementioned, two limited-edition releases self-released by the band except for a different title, cover-art, proper record label support, additional liner notes & lyrics and some minor touch-ups in a NYC studio that aren't even noticeable.

Warrior Soul's "Destroy the War Machine." (Acetate Records)

Kory Clarke and Warrior Soul are back! There's a new-lineup with Johnny H & Rillie Lundell on guitars, Janne Jarvis on bass and Johan Linstrom on drums. At least in terms of this release. The band fully intends to support this release with a fall '09 tour. Buy the record, see them live & play this sucker loud. It will burn right thru you & it's everything a Warrior Soul record should be. If you're a fan, you know what I'm talkin' about. If you're not, become one. It'll change your life! Information on the new & improved W. Soul can be located at www.myspace.com/warriorsoulinfo.
