REVIEW: Rhino Bucket - 'Who's Got Mine?'

Artist: [Rhino Bucket](#)
 Album: Who's Got Mine?
 Released: February 2011
 Available: [Acetate.com](#)

Let's start with the usual disclaimer when it comes to a new release from one of "The BIG 4" (Rhino Bucket, Nashville Pussy, American Dog, Broken Teeth) from my old show. I admit upfront that I'm both a biased and an unabashed fan so it's highly unlikely you're gonna get any real critical comments from me. Add the fact that I've been a huge fan of Rhino Bucket for 20+ years now well, let's just say they get a lot of leeway. Putting all that aside (hey I CAN do it - I rightly bashed AC/DC's latest), *Who's Got Mine?* is a great damn album that would be a welcome addition to any rock fan's collection.

Who's Got Mine? comes two years after the somewhat disjointed *The Hardest Town* (3.5 [cat-heads](#)). Unlike that album *Who's Got Mine?* is vintage Rhino Bucket through and through. My immediate thought after my very first listen was 'This ranks right up there with the 1st 2 albums'. Almost 2 months later (and many more listens / plays on FatCat Radio) I honestly feel the same way. This one's a worthy successor to *Rhino Bucket* and my personal favorite Rhino Bucket release *Get Used To It*.

All the usual elements of a Rhino Bucket album are here. The main one of course being the indefatigable vocals of Georg Dolivo. How Georg can still belt it out like it's 1990 is beyond me. If you've ever seen Rhino Bucket in concert you know he gives it his all at every gig. The biggest improvements from the previous album are the strength of the songs and a more consistent theme. Rhino Bucket is a ROCK band. It's what they do best. When the tempo drops or the topics get too serious that's when I find myself pushing the skip button. Other than a slight detour with the third track "Back To Nowhere" the boys keep it at a fist pumping pace on *Who's Got Mine?*. The final song "Rare Beauty" is bit too *Spinal Tappish* with it's lyrics but that's it for the knocks on this album. Stand out tracks include: All The Rest. My current favorites are the title track and "Chase The Case".

Track Listing

1. Message In My Bottle
2. Lifeline
3. Back to Nowhere
4. Drive Thru Liquor
5. Who's Got Mine
6. Her Way
7. Joke's on You
8. Chase the Case
9. Hollywood and Vine
10. Something for Nothing
11. Rare Beauty

Bottom line: 1990 Rhino Bucket has nothing on 2011 Rhino Bucket. The boys have still got it.

I either didn't know or forgot that Rhino Bucket is on The Wrestler soundtrack. That's pretty awesome. The one song I've heard from this new album is fantastic!
