Monster Trucks

Paramount

Monster Trucks is a Hilarious and Heartfelt Family Film that Hits the Road Just in Time for Easter Gift-Giving and is a delight for the entire family. Tripp (mensch Lucas Till of X-Men: Apocalypse) is a high school senior with a knack for building trucks who makes an incredible discovery - a gas-guzzling creature named Creech. To protect his mischievous new friend, Tripp hides Creech under the hood of his latest creation, turning it into a real-life super-powered Monster Truck. Together, this unlikely duo with a shared taste for speed team up on a wild and unforgettable journey to reunite Creech with his family. A fun-filled adventure that never slows down, Monster Trucks features a terrific ensemble cast including Jane Levy (Don't Breathe), Thomas Lennon (“The Odd Couple”), Danny Glover (Lethal Weapon), Amy Ryan (Central Intelligence) and Rob Lowe (“Parks and Recreation”). I certainly enjoyed this film and it has plenty of action for every member of your family. The film opens with an oil well for Terravex, an oil company. CEO Reece Tenneson (Lowe) goes to the well and talks to Dr. Jim Dowd (Lennon) since this well is not pumping oil. As they investigate the blockage, another scientist discovers a water pocket below the earth that may indicate the possibility of an ecosystem living down there. The water pressure then starts to destabilize. The well bursts and three monsters pop out. The monsters are kind of hideous but playful like a puppy and Tripp does his best to keep them hidden from Burke (Holt McCallany), summoned to capture the monsters. Two are taken in but one of them has escaped and is hiding inside a truck. Get in the driver's seat for this action-packed thrill ride and the BD includes two Monster Trucks wall decals. Combo-Pack features over 40 minutes of behind-the-scenes bonus content as well as a fascinating look under the hood and discover all the magic behind Monster Trucks. Also included are interviews from the cast and crew and the film boasts a Dolby Atmos soundtrack remixed specifically for the home theater environment to place and move audio anywhere in the room, including overhead! Pop in the BD and fasten your seatbelt as your family gears up for monstrous fun!
