 BRINKFILM

PORNSTAR PETS

DVD

Rating: 3 stars

This new DVD is all about..you got it...Pornstar's pets! The concept is odd, & the dvd is odd too...you get to see Ron Jeremy & his pet turtle, & in a bonus scene, you see Ron's balcony on his apartment that is the home of a family of pigeon's & uber messy! Seeing Brittany Andrews is always a plus, & watching Taylor Wane cook food for her doggie is entertaining, but I can't help but wonder if there's gonna be a stupid ass who buys this dvd to see some "animal action"...well, let me tell you, this is literally an MTV cribs style dvd that shows a handful of porn's biggest stars & their fish, dogs, cats, & turtles! This dvd is good for a laugh & I want to stress...this is NOT an adult movie! If you wanna get a copy, go to www.musicvideodistributors.com
