[Silence, ça tue!](#)

[Silence Ca Tue!](#) aka [Silence We Are Shooting!](#), is a film that critics have called “The Modern Equivalent of Man Bites Dog” and “A Radical Piece of Guerrilla Cinema!”

Christophe LaMont is a filmmaker that has had enough of the movie financing industry in Belgium. In his disgust he decides to make a movie without a script, without any money, and without regard for human life. Soon everyone becomes a target in a film in which no director, no producer, and even his own film crew aren't safe! Silence Ca Tue is a movie that mixes dark humor with over the top violence, and takes filmmaking to a shockingly final step. This critically acclaimed controversial Belgian film is now making its way to the U.S. for the first time on DVD. In a film that is sure to become an instant cult classic, and no filmmaker will be safe!
