REGGAE SHOWDOWN VOL.2, GIANTS OF STING DVD

Music Video Dist.

3 out of 10

[Band Website](#)

The line up for this concert DVD is pretty sweet. It is an absolute all-star showcase of Dancehall greats. They show a couple of songs performed live from each artist. The performances looked great but the recording was so bad, the DVD did no justice to reggae of any kind. The audio was absolutely horrible and the video looked like it was all done on a hand-held home camcorder. To add insult to injury, the cover of the DVD looks like some bootleg sold on the streets for half price. It doesn't even look like a legitimate product. There has to be better live dancehall DVDs out there so don't waste your time or money on this one. 3 out of 10 is a very generous rating, only due to the lineup.
