Bad Dream No. 13

Eerie Von

Ghastly Records

Recorded entirely without the use of computers, Bad Dream No. 13 is a dark rock music CD that blends elements of trance and heavy metal into one intense experience. An accompanying booklet spells out the lyrics of this enthralling, up-close scrutiny of the dark side of life and the human experience. "Meet Death": Meet death, she's your friend, in a long, long black dress / she's in love, she's in love, with your unhappiness. / You haven't lived, until you, partake of her charms, / you have not died, until you've died in her arms. / I recognize the mask she hides behind, I realize there's a shadow behind her smile. / I play along, with her siren song, I play along until her last note is sung." The tracks are A Cage Is A Cage, The Bone Drone, In The Shade, Downontheslab, 2 Tears in a Bucket, Prelude to Death, Meet Death, Bad Dream, The Perfect Criminal, The Velvet Shroud, Sing Sinner Sing!, Case Study #107/Rec. Room 3A, and Benediction #2.
