Lodi, NJ was the birthplace for this horror hardcore punk band in 1981,

It was also home to the more famous Misfits).
This was the first band of Eerie Von (see other reviews in this issue).

A true hardcore moldy oldie dating back to '82-'83, now remastered.,
in all its speed and noisome glory.

Much of "Talking TO The Dead" was recorded at CBGBs, and contains
tracks from their "Blood Lust" EP.

Lots of graveyard love!
