## Creepersin - "The Rise Of Creepersin" CD

This reissued 2005 debut album from horror-punk duo Creepersin is an appropriately silly and primitive homage to classic horror and monster films. With a distinctive lazy and spooky vocal style, Creepersin's 3-chord punk rock could almost be a missing link between the Cramps and Misfits. Fronted by trash-horror filmmaker and author Creep Creepersin, every song here has a drive-in monster theme, from "Lycanthropy" to "Cleaverland" and "The Hills Have Eyes". Good fun, and a perfect accompaniment to anyone's Halloween party. ([Creepsville Entertainment](#))
