Heavyweight Dub Champion - Rise of the Champion Nation

The 2nd release from this bass heavy groups is one for the dance hall. HDC do an amazing job of combining grimy drawn out bass lines with spoken word that is cut up with some well defined scratching. At times parts of what we know best from dancehall and roots reggae are smashed together with the street rap style vocals. This album is done to the 9's and at time is stripped right down to the basic few sample tracks, including acoustic instruments as well as ones from around the world. Well constructed!! With special appearances by KRS-one and Lady K, this is sure not to disappoint!
