YOU SUUUUCK!

Maybe the Arizona-gone-to-Seattle punk band the Super-suckers wouldn't be offended if you were to scream that at their show.

The band — who've recorded three rock records and one country album, and performed with Willie Nelson and punk-rockers Bad Religion — might

have made it a good word.

Decide for yourself on the punk-rock concert DVD *Super-suckers: Live in Anaheim*, which sports a bonus CD, *Live From the Casbah in San Diego, CA*, a version of their "all-country" set.

It streets Aug. 3 from Music Video Distributors at \$19.95.
