JIMI HENDRIX - The Last 24 Hours

List Price: \$ 16.95; MVD Music Video; musicvideodistributors.com

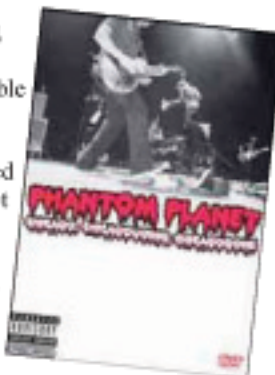

On September 18, 1970, rock history experienced the loss of one of its most prominent, innovative, and challenging talents under exceedingly mysterious circumstances. Dismissed by the authorities as one more dissolute rock star death, Jimi Hendrix's case was closed quickly; a little too quickly, as the evidence presented in this compelling documentary suggests. Drawing on previously undisclosed information, the producers are able to draw conclusions about who stood to gain from Jimi's death, and what they have to say is convincing enough, and controversial enough, to possibly reopen the case. Augmenting this fascinating investigation are featured contributions from musical heavyweights Jeff Beck, Pete Townsend, and Eric Clapton. Bonus features include: The Hendrix Picture Gallery, Discography; Language English; Subtitled in French, German, Dutch, Italian and Spanish. Also included in the package is a 32 Page Color Booklet, featuring rare pictures detailing the life and times of Jimi Hendrix.
