Finally, a unique DVD is available titled "The Jesus Guy." This is the story of "the barefoot evangelist" who looks like what many of us think Jesus looked like. He has traveled the country preaching and witnessing. He does not do it for money or fame. He is penniless and tries to remain anonymous.

So what is his motivation? This documentary gives you a chance to decide. It takes a full look at "The Jesus Guy" and shows us what he does. This is an amazing documentary about faith and compassion.
