

Inspired by the book of the same name by Graham Jones, the documentary "**Last Shop Standing: The Rise, Fall and Rebirth of the Independent Record Shop**" (2012) takes you behind the counter to discover why nearly 2000 record shops have disappeared across the U.K. The film charts the rapid rise of record shops in the 1960s, 70s and 80s, the influence of the record chart, the underhanded deals, the demise of vinyl and rise of the CD, as well as new technologies. It also offers a tantalizing look into the future: who's succeeding and what's the passion driving those individuals who intend to sell records long after the supermarkets have given up and the last chain store has closed. \$19.95 from MVD Entertainment.
