

## THE MICHAEL SCHENKER GROUP/World Wide Live 2004 (Metal Mind) DVD

With me being a huge UFO and MSG fan I was looking forward to checking this out and it did not disappoint. Opening with "Armed and Ready" Mr. Schenker takes me back in time doing some of the best UFO tunes (Mother Mary, Let It Roll) as well as some of his killer solo tunes (Into The Arena, On and On). The camera quality is top notch as is the sound. The band sound tight and singer Chris has a nice set of pipes and doesn't sound out of place singing the UFO or MSG tunes. You also get an interview and other extra goodies and if you are a UFO or MSG this is a must have.
