Hate: The Litanies Of Satan(DVD)

Brutal technical blackened death from this Polish quartet that demonstrates once more why that nation may very well usurp Scandinavia in terms of output of high-quality metal. Captured live in Cracow, Adam The First Sinner, Kaos, Cyprian and Hellrizer work their dark magic on 15 dynamic and exciting tracks. With classically-influenced guitar parts and finely-crafted dynamics, pieces such as "Close To The Nephilim," "Awakening The Liar" and "Immolate The Pope" manage to capture not only your attention but your imagination as well. The disc itself features numerous bonus materials including an interview with front man/lead guitarist Adam, biographies, a photo gallery and plenty more. If you love dark metal with technical tendencies, then this is the band for you.
