## Turbonegro The ResErection DVD (MVD)

Everyone interested in being in a band should see this DVD immediately. It's a roadmap showing how good bands screw themselves up and slide back into the oblivion whence they came. In this case, the catalyst was drugs, but whether it's drink, women or just plain insanity, it's a lesson bands never seem to learn. For Turbonegro fans, this is a lovely and [brutally honest account](#) of the band's return to playing live. Not "brutally honest" to turn a buck brutally honest, this is the painfully real deal mostly from the POV of singer Hans Erik Husby. Very touching. Oh, and it rocks too! It's fun, when you aren't slapping your head in disbelief at Husby's antics.
