

DESDEMONA 'LIVE 3.0'
(METAL MIND PRODUCTIONS/MUSIC VIDEO DISTRIBUTORS)

DESDEMONA is one of the more experimental bands in the Polish rockscene. This female fronted band is playing a mix of 80s Gothic Rock and Industrial Metal. Now there's a DVD available of them, on which we can see a concert of the band and a videoclip, but also 4 additional bonus audio tracks can be found on this release. Of course the performance is very good, but musically this DESDEMONA is a bit too experimental I think for some, although they do have some very strong songs in their setlist, but like I said you must be a bit open-minded as the Industrial influences are pretty clear on this band.
