You Can't Put Your Arms Around A Memory
MVD

In 1987 the members of the New York Dolls minus David Johansen decided to get together for a show and this DVD captured the moment. I wasn't too sure what this would be like without the original singer, but I was pleasantly surprised. Being a fan of oldies and more importantly surf rock when the DVD opened with "Pipeline" I was hooked. They ran through a set of 20 oldies inspired tracks including: Personality Crisis, I Ain't Superstitious, and Chinese Rocks to name a few, and just for the fun of things there are a few acoustic tracks thrown in. If you are a fan of Johnny Thunders and the Heartbreakers or the New York Dolls I think that this is a good piece of history to add to your collection. (JK)
